

Industry Canada Notice

This device complies with Industry Canada licence-exempt RSS standard(s).

1. Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.*

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Avis d'Industrie Canada Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes :

(1) l'appareil ne doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement. Cet appareil numérique ne dépasse pas les Règlements sur l'interférence radio par un appareil numérique de classe B stipulés dans les Règlement sur l'interférence radio d'industrie Canada

FCC STATEMENT

1. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation.

2. Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/ TV technician for help.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure requirement.

The device can be used in portable exposure condition without RF restriction.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

FCC ID: 2ANCU-002

IC: 23535-00002

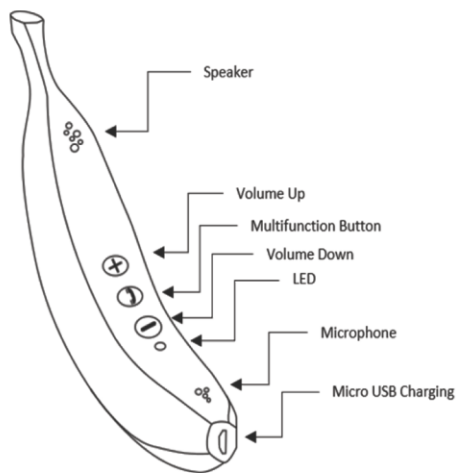

Important Information

Banana Phone™
User Manual
Model No. 002

Congratulations on your new purchase of a Banana Phone. Banana Phone is a wireless Bluetooth mobile handset that connects with your smartphone so you can talk to friends and family – on a Banana! Use voice assistant to dial contacts and connect with people through real conversations. Stand out in a crowd and show the world your wild side!

Dialing Out:

Double click* the multifunction button. You should hear a chime indicated by your smartphone voice assistant. Speak into the Banana Phone microphone and say "Call George". If George is in your contacts – your smartphone will dial them now.

*Not all devices support this function.

Incoming Call:

To answer an incoming call, you will hear your Banana Phone ring. Press the multifunction button to answer the call.

Hang Up:

To hang up, click the multifunction button

Volume:

To change the volume of the ringtone and call, click on the + and – buttons.

Have Fun!

Call friends and family now! Its about time we all had real conversations with the people we love. 6

Pairing:

Use a Bluetooth enabled smartphone and perform the pairing action:

Pairing to Smartphone

1. Open your smartphone's Bluetooth menu and turn Bluetooth on.
2. Turn on your Banana Phone so that it enters pairing mode.
3. Activate a search for devices on your smartphone and find "Banana Phone".
4. Choose "Banana Phone" from the list of devices found by your phone to begin pairing.
5. Once paired, Banana Phone will say "Connected" and this should be indicated in your smartphone's Bluetooth menu.

WARNING

BANANA PHONE products contain lithium-ion batteries.

Please Read all safety and operation instructions before using the BANANA PHONE.

CAUTION: Danger of fire or explosion if battery is tampered with.

1. Do not use this BANANA PHONE near water – The device should not be used near water or moisture.
2. Clean BANANA PHONE only with dry cloth.
3. Unplug the BANANA PHONE during lightning storms or when unused for long periods of time.
4. Keep out of reach of children.
5. Do not use abrasive cleaners to clean the BANANA PHONE as they may damage the unit. Always unplug and power off the unit before cleaning.
6. Do not attempt to open or modify the BANANA PHONE in any way.
7. Do not expose the BANANA PHONE to extremely high or low temperatures.
8. Keep the BANANA PHONE away from heat, direct sunshine, hot cars, fire, or the like.

9. Do not use the BANANA PHONE while driving.

10. To avoid electronic interference and/or compatibility conflicts, turn off the BANANA PHONE in any facilities where posted notices instruct you to do so. For example: Aircraft, Military Base, Hospital, or Health Care Facilities.

11. To avoid impairing your hearing in the long-term operation, keep the volume at a moderate level.

12. Store the BANANA PHONE in a cool dry place.

13. The BANANA PHONE contains a lithium ion battery. Lithium ion batteries are flammable and can cause fire if misused, damaged or defective.

14. Recycle this product responsibly to promote the sustainable reuse of natural resources. At the end of your BANANA PHONE'S life, please bring it to an e-waste recycler in your area. Lithium ion batteries do not belong in landfill.

15. Be aware of any sharp or pointy parts that may cause injury or damage.

16. BANANA PHONE is not responsible for injury or damage that may result from the use or misuse of this product.

WARRANTY

BANANA PHONE guarantees reliable, regular use of this product against manufacturing defects for up to 1 year from the date of purchase

INTRODUCTION

Congratulation! You are about to embark on a fruitful journey toward delightful conversation and connection with friends and family. This guide will get you started using your Banana Phone. First, make sure you are familiar with the Bluetooth settings of your smartphone.

Charging:

To begin your Banana Phone experience, while the Banana Phone is turned off, make sure your device is fully charged using the micro USB port located at the base of the Banana. A solid Green light will indicate a full charge. A blue light indicates it is still charging.

Power On:

Next hold down the multifunction button for 5 seconds. Banana Voice will say "Power On", and your Banana will enter pairing mode, indicated by a blue and green flashing light.
