

## HOUSEHOLD USE ONLY

### SAFETY PRECAUTIONS

- Read Instructions before using.
- Unplug before inserting or removing parts or when not in use.
- Do not run longer than 1 minute which can heat and pressurize contents.
- CAUTION: To avoid shock hazard or motor damage, do not immerse in water or other liquids.
- CAUTION: Never try to override or tamper with motor base interlock mechanism.
- NEVER blend warm, hot or carbonated ingredients or liquids.
- WARNING: To prevent leakage when creating a recipe, ALWAYS make sure that the ingredients do not extend above the MAX line.
- CAUTION: Never place or store blade assembly on motor base unless assembled to cup or pitcher.
- CAUTION: Never place hand or utensil near moving blade.
- If powerbase does not shut off after 1 minute during NutriBlast mode, stop it manually.
- To turn off machine during operation, lift vessel from power base.
- If motor stops before NutriBlast or Smart Technology mode is completed, unplug and allow unit to cool.

NutriLiving.com

If the blade stops in the lock mode, unplug the NUTRIBULLET immediately. Never place hand or utensil near blade.
