Modular Approval Request

FCC ID: 2ANDL-BT3L

The following attestation addresses the requirements to support modular approval:

Modular approval requirement	Yes (provide brief statement)	No *
(a) The radio elements must have the radio frequency circuitry shielded. Physical components and tuning capacitor(s) may be located external to the shield, but must be on the module assembly	The module has a metal shield. Refer to the external photo of EUT.	
(b) The module must have buffered modulation/data inputs to ensure that the device will comply with Part 15 requirements with any type of input signal	Data to the modulation circuit is buffered as described in the operational description provided with the application.	
(c) The module must contain power supply regulation on the module	The module contains its own power supply regulation.	

Company: Hangzhou Tuya Information Technology Co.,Ltd

Address: Room701,Building3,More Center,No.87 GuDun Road, Hangzhou,Zhejiang, China

Fax: 86-571-86581786

	Please refer to schematic filed with this application.	
(d) The module must contain a permanently attached antenna, or contain a unique antenna connector, and be marketed and operated only with specific antenna(s), per Sections 15.203, 15.204(b), 15.204(c), 15.212(a), 2.929(b)	The module connects to its antenna using an UFL connector which is considered a non-standard connector. A list of antennas tested and approved with this device may be found in users manual provided with the application	
(e) The module must demonstrate compliance in a stand-alone configuration	The module was tested stand-alone as shown in test setup photographs filed with this application.	
(f) The module must be labelled with its permanently affixed FCC ID label, or use an electronic display (See KDB Publication 784748 about labelling requirements)	The FCC ID is printed on the label of the module.Refer to the label of EUT.	
(g) The module must comply with all specific rules applicable to the transmitter. The grantee must provide comprehensive instructions to explain compliance requirements	The module comply with all specific rules.Refer to the datasheet.	

Modular approval requirement	Yes (provide brief statement)	No *
(h) The module must comply with RF exposure requirements	The module meets Portable exclusion levels as shown in the RF exposure information filed with this application.	

* Please provide a detailed explanation if the answer is "No."
