CE Notice:

CE Products with the CE marking comply with the Radio Equipment Directive (2014/53/EU), the Electromagnetic Compatibility Directive (2014/30/EU), the Low Voltage Directive (2014/35/EU) – issued by the Commission of the European.

Compliance with these directives implies conformity to the following European Standards:

EN300328 V2.2.2
EN 301 489-1 V2.2.1
EN 301 489-17 V3.2.0
EN62368-1:2014+A11:2017
EN55032:2015+AC:2016(ClassB);
EN55035:2017
EN62311:2008

WEEE

This product must not be disposed of as normal household waste, in accordance with EU directive for waste electrical and electronic equipment (WEEE- 2012/19/EU). Instead, it should be disposed of by returning it to the point of sale, or to a municipal recycling collection point.

FCC Notice:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

The users manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. In cases where the manual is provided only in a form other than paper, such as on a computer disk or over the Internet, the information required by this section may be included in the manual in that alternative form, provided the user can reasonably be expected to have the capability to access information in that form.

(b) For a Class B digital device or peripheral, the instructions furnished the user shall include the following or similar statement, placed in a prominent location in the text of the manual:
NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

RF exposure warning

This equipment must be installed and operated in accordance with provided instructions and the antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter. End-users and installers must be provide with antenna installation instructions and transmitter operating conditions for satisfying RF exposure compliance.

Tuya Zigbee Smart Hub Plus

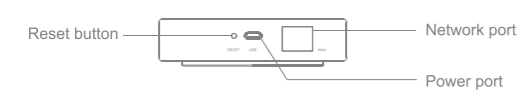

Product Manual and Warranty Certificate

Before You Start

Manufacturer: Hangzhou Tuya Information Technology Co., Ltd.
Tel.: 0571-56081627
Address: Room 701, Building 3, More Center, Gudun Road No. 87, Xihu District, Hangzhou, Zhejiang Province

Product Description

Tuya Zigbee Smart Hub Plus is the control center for Zigbee devices. You can add Zigbee devices to design and implement smart scenes.

Preparation

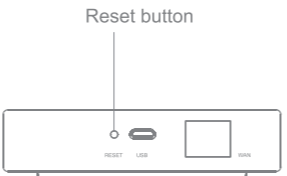

- Connect your mobile phone to the Wi-Fi network.
 
- Download and log in to the app. Search for "TuyaSmart" on your app platform or scan the QR code on the package or in this manual to download and install the app. If you are using this app for the first time, first register an account. If you already have an account, use your account to log in to the app.

Scan the QR code to download the TuyaSmart app.
* The released app version prevails.

Network Settings

- Power on the gateway and use a network cable to connect it to a 2.4 GHz home router.
- Ensure that the network pairing indicator is steady green. If not, press and hold the Reset button until the indicator is steady green.

- Connect your mobile phone to the 2.4 GHz home router so that your mobile phone is in the same LAN as the gateway.

Product Specifications

Product Name	Tuya Zigbee Smart Hub Plus
Product Model	THP12-Z
Input Power	5 V = 1 A (= Direct Current)
Working Temperature	-10°C to +55°C
Working Humidity	10% to 90% RH (non-condensing)
Wireless Protocol	2.4G Wi-Fi Zigbee
Dimensions	90.0x90.0x23.0mm
Net Weight	About 74.5g

Packing List

- Tuya Zigbee Smart Hub Plus x 1
- Power cable x 1
- Product manual x 1
- Adapter x 1
- Network cable x 1

Adaptor Characteristics

Model:	KA06C (British Standard)	KA06E (Europe Standard)
Rated Input voltage:	100-240V	100-240V
Rated Input Frequency:	50-60Hz	50-60Hz
Steady AC Current:	Less than 0.2A at 100-240V AC input	Less than 0.25A at 100-240V AC input
Rated Output Voltage:	5V	5V
Rated Power:	5W	5W

State: This form is for shipments only using the British standard or Europe standard adaptor.
