CDG / MP3G KARAOKE PLAYER & BLUETOOTH MEDIA WITH 7 ″ TFT SCREEN
Model: MET8021TFT

PLEASE READ BEFORE OPERATING THIS EQUIPMENT

FCC Warnings

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

● Reorient or relocate the receiving antenna.
● Increase the separation between the equipment and receiver.
● Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
● Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.
This equipment should be installed and operated with minimum distance 20 cm between the radiator & your body.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received, including interference that may cause undesired operation.

To AC Outlet

AC adapter

Plug the included AC adapter into the standard AC power outlet to power the unit. Connect small end to DC INPUT jack of the KARAOKE MACHINE. After adapter connection, Slide the MAIN POWER switch to ON position and press STANDBY button to turn on unit. Press the SOURCE button (unit or remote) to select USB / DISC / BLUETOOTH   / AUX mode for listening.

CHARGING INTERNAL BATTERY

The KARAOKE MACHINE operates on a built-in battery that can be recharged using included adapter.

CHARGING THE BATTERY FOR FIRST TIME
1. Connect the including adapter for start charging the internal battery
2. Charge the built-in battery a minimum of 12 hours prior to first use. Plug the included adapter for charging.
3. The CHARGING indicator will light to RED color while charging and turn to GREEN color when the unit is fully charged.
4. When battery charging completed, unplug the adapter.

RECHARGING THE INTERNAL BATTERY
After prolonged use, the internal battery will become weak and the operation may become intermittent. When the internal battery charge is low, the CHARGING indicator will turn "ON" RED color and FLASH" alerting you to recharge the internal battery as soon as possible.

BATTERY WARNING:
1. Do not open batteries.
2. Do not dispose of batteries in fire.
3. Do not heat up batteries.
4. Do not expose batteries to water.

USING MICRPHONE

Requires a microphone (included I microphone) .
1. Plug the microphone (see below figure) into the MIC 1 INPUT or MIC 2 INPUT of the KARAOKE MACHINE.
2. Slide the ON /OFF switch of MICROPHONE,
3. Use the MIC VOL dial to adjust the volume of audio sound from the microphone.
FRONT VIEW OF MAIN UNIT   FRONT VIEW OF MAIN UNIT

CHARGING YOUR MOBILE

Require an **USB** cable to <u>connect USB port</u> for battery charging.

1. Plug the standard end of the USB cable into the **USB** port located on the rear of the KARAOKE MACHINE. Plug the small end of the USB cable into the device you wish to charge.
2. Observe the battery charge indicator on your device and the charging will start immediately.
3. Remove the charging cable when charging complete.

Notes:

● USB charging port supplies DC 5V output,
● USB charging port cannot support data transfer or connect to computer.
● Do not connect USB port of this unit to other external power charger USB ports or computer, it may damage both units and void the warranty.
