Re: FCC ID: 2ANIZ-PUR555000

To Whom It May Concern:

The following application is submitted on behalf of our client, Purillume, Inc., for evaluation of their models PUR-01-0100 and PUR-02-0100 for certification under FCC Part 15.247.

Purillume, Inc's LED Table Lamp has two main variants the PUR-01-0000 and the PUR-02-0000. Of these variants, each has the Orchid body style, PUR-01-0100 and PUR-02-0100. All the lamp's variants described below are able to be controlled via Bluetooth operating at 2.4GHz. The PUR-01-0100 is the Master lamp, it has a touchscreen for interface. It can have three different finishes on its external body: Birch (PUR-01-0111), Cherry (PUR-01-0112), and Espresso (PUR-01-0113). The PUR-02-0100 is the Satellite lamp, it uses manual knobs and switches for interface. It can also have three different finishes on its external body Birch(PUR-02-0111), Cherry (PUR-02-0112), and Espresso (PUR-02-0113).

All testing for radiated emissions and AC power line conducted emissions was performed with the external body skin removed since this was the worst case.

The PUR-01-0100 and PUR-02-0100 was tested in full to the requirements of the aforementioned rules and was found to be in compliance.

Sincerely,

A handwritten signature in black ink that reads 'R. Sam Wismer'.
