USER MANUAL

Product Overview

Thank you for purchasing your new Eggtronic® Wireless Charging Valet Tray. Charging your smartphone has never been so easy: free yourself from annoying cables with the Wireless Charging Valet Tray. The Wireless Charging Valet Tray is designed to enhance your experience by featuring fast charge technology. The wireless charging valet tray is also a smart organizer that helps you to store your accessories and personal items.

10W Fast Wireless charging

Triple-coil technology

Storage space

Charging status LED

USB-A output

Soft touch finish

NOTE

Fast charging compatible devices can be powered at 2 times the rate of standard wireless charging. Compatible with Samsung Fast Charge wireless charging. Works at standard speed with all Qi-enabled phones.

Package content

Wireless Charging Valet Tray | Power Supply | User Manual

How to use

Connect your new Wireless Charging Valet Tray to the wall charger, and plug the wall charger into a power outlet.

Place your Qi enabled smartphone in the wireless charging area of the Valet Tray to charge it wirelessly. Direct contact required for charging.

When your smartphone is charged, remove it from the charging pad.

You can charge two devices at once, using the USB-A output.

NOTE

When the smartphone is sufficiently charged, the wireless charging will stop to avoid damaging your device.

LED indicator

When connected to the power supply, the charging status LED will be OFF.

When placing a Qi enabled smartphone on the wireless charging area, the LED will turn ON (blue).

When charging a device with USB-A output, the LED will remain OFF.

Compatibility

This is a Qi-compatible wireless charger which allows you to wirelessly charge your smartphone. It is compatible with the WPC (Wireless Power Consortium) Qi wireless charging standard, and works perfectly with all Qi-enabled devices. Some smartphones may not be natively compatible with wireless charging.

Visit eggtronic.com/compatible-smartphones to check the compatibility of your device.

Safety information

Please read this safety information carefully before using the product to prevent injury to yourself or others and to prevent damage to your device or to property.

WARNING

Use manufacturer-approved chargers. Using generic chargers may cause the device to malfunction.

Do not use damaged wall chargers. Damaged connections may cause electric shock or fire.

Do not damage the power cable. Doing so may cause electric shock or fire.

Keep the product away from hot surfaces and sharp corners.

Do not carry or drag the product by its cable.

Do not use the product if one or more of its components are damaged or defective.

The product contains electronic parts. Keep your device dry. Humidity and liquids may damage the electronic circuits of the device and may cause electric shock and fire.

The product is designed for indoor use. Outdoor use is not recommended as it may subject the product to weather conditions that could damage it.

Do not place any metal object on the wireless charging spot, as it may overheat and cause a fire.

Do not place any other object between the smartphone and the wireless charger.

Do not place any unplugged receiver on the wireless charger, as this can overheat the product and cause a fire.

Handle the charger with care. Do not drop your device. It may get damaged or may malfunction.

Do not disassemble, modify, or repair your charger. Any alteration or modification of your device may void the manufacturer's warranty. If your device needs servicing, contact the manufacturer.

Do not modify the product in any way. Any modification may increase the risk of injury.

Do not bite or suck on the device. Doing so may damage the device or result in an explosion or fire.

Children may choke on small parts. If children use the device, make sure that they use it properly.

CAUTION

The products included in the package are not toys. Keep out of the reach of children.

If you notice strange smell or smoke coming from your device, stop using it immediately. Continuing to use the device may result in fire or explosion.

Do not use the device for anything other than its intended use. The device may malfunction or may cause an electric shock or fire.

Never dispose of the device in a fire.

Avoid exposing your device to very cold or very hot temperatures. Extreme temperatures may damage the charger and reduce the lifespan of the device.

Do not store magnetic cards near the product. Magnetic cards, including credit cards, phone cards and boarding passes, may be damaged by magnetic fields.

Do not throw away the product with the household trash. The product needs to be recycled and disposed of responsibly.
