

MOBEI®

Bluetooth Mini Music

Product parameters:

Product model: Elf-1
Battery capacity: 400mAh
Operating voltage: 3.3V
Operating current: $\leq 100\text{mA}$
Output power: 3W
Rated impedance: 4ohm
Bluetooth version: V3.0
Bluetooth distance: 10M
SNR: $\geq 95\text{dB}$
Sensitivity: 1600mV
Frequency response range: 20Hz-20kHz

Features:

- A. Bluetooth audio, call function
- B. Support TF card to play music
- C. Standard Micro USB charging interface
- D. Built-in high-energy lithium battery

Key Description:

1. **▶||** switch: Bluetooth music, play, pause; Bluetooth connection with the phone, double-click the key to call back the last call, click hang up the phone call.
2. **◀◀/—**: Bluetooth music, short press to previous song, long press the volume decrease.
3. **▶▶/▶**: Bluetooth music, short press to next song, long press the volume amplification.

Instructions:

1. Bluetooth play: long press the power button **▶||**, the blue light flashes, into matching state, Bluetooth matching name: Elf-1
2. LED work indicator: (power adapter, DC5V-500mA, or computer USB charging)
Blue: Bluetooth system connection indication (the blue light flashes in matching state)
Red: Charging indication (red when charging, dark when charging full)

Common troubleshooting:

1. Bluetooth function can not play
 - A. Please confirm whether the Bluetooth stereo match with the phone Bluetooth function successfully, if matching no success, please follow the instructions to operate, after successful matching Bluetooth plays.
 - B. Check that the distance between the Bluetooth transmitter and the receiver is within 10M effective reception distance, it affects the receiving effect beyond the distance.
 - C. Please confirm the phone card has MP3 format audio files and does not contain virus.
2. Music play intermittent
 - A. Check if the power is sufficient. If the battery is low, please charge it.
 - B. Check to make sure that there is no obstruction between the transmitter and the receiver, if any, please remove it.

Warning Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
