To: Certification Bureau / Bureau homologation (IC)

Subject: RSP-100 Item 3.1.

Object: Labelling of Certified Products, OVERLINE SYSTEMS SARL, IC company number 23304

Good Morning,

We are in the certification process for our new product in collaboration with CTC advanced GmbH (Germany).

One of the items is an "in ear transceiver". This is an ear piece of size (14,9x19,7x9,2)mm. Due to the small dimensions we are unable to fulfil the complete labelling requirements of RSP-100 Item 3.1. The PMN is "Digitear" and the reference of the product "DE-NR" will be shown on the product.

We ask your permission to indicate the requested information on the cover sheet of the product's supplied

user manual and it will also be visible on the packaging.

Please find attached the technical drawing of the DE-NR INEAR.

Thanking you in advance.

Kind regards,

--

Andreas KELLER
