

FCC Confidentiality Authorization

2018/09/04

FEDERAL COMMUNICATIONS COMMISSIONS
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046

Subject: **Request for confidentiality for FCC ID: 2AO3F-EA-XRN-9000**

Request for Long-Term Confidentiality

In accordance with Sections 0.457 and 0.459 of the Commission's Rules, Alphawave Golf (Pty) Ltd hereby requests long-term confidential treatment of information accompanying this application as outlined below:

- **Block Diagram**
- **Schematics**
- **Parts Lists**
- **Circuit Description**
- **Tune up procedure**
- **Internal Photos**
- **User's Manual**

The documents listed above contain detailed system descriptions and are considered proprietary information to the operation of the equipment. The public disclosure of above documents will provide competitors an unfair advantage in the market.

We would like to keep the internal photos and user manual confidential, because the equipment is installed as part of the infrastructure setup at customer facilities. It is mounted on poles and buildings at heights that are not accessible to the general public. Internal components are secured to the enclosure using thermal epoxy, and cannot be removed without causing permanent damage.

The equipment is only sold to customers that are under a Non-Disclosure Agreement (NDA) that restricts the disclosure of this information. A copy of the NDA has been submitted with this document.

Operation of the device is performed only by trained personnel who never have internal access to the radar sensor.

Request for Short-Term Confidentiality

Additionally, we request short-term confidential treatment of the following:

- **External Photos**
- **Test Set-up Photos**

The above materials contain proprietary and confidential information not customarily released to the public. Public disclosure of these materials provides unjustified benefits to competitors in the market.

Sincerely,

SJ Marais
Director
