

Product Similarity Declaration

Product name: Mobile Point of Sales terminal
Model name: M020, M021
FCC ID: 2AO4FM020-2
IC: 23677-M0202

We (Miura Systems Ltd) hereby state that Both M020 and M021 have the same design in circuit diagram and PCB layout, and the difference between M020 and M021 is that M021 supports colour touch screen and backlit keypad, while M020 only supports colour screen and non-backlit keypad. Details see below:

	M020	M021
Colour touch screen	×	✓
Part number	Hong Kong Ryosan Ltd: CMT230B03N00C	Hong Kong Ryosan Ltd: CMT230B03C00C
Backlit keypad	×	✓
Photos		
PCBA	M020-PCBA01D-V3-071	M020-PCBA01E-V3-071
Note	The PCBs of the two products are the same: in M020 the backlit LEDs are not fitted.	

Please kindly handle on the project.
