

## MODES

**Interactive Mode;** Indicated by a blue light on both sides of Keon.

To pair your Keon with content, follow the instructions on the FeelConnect App.

You will be able to enjoy interactive content, connect to your partner and even control your KEON manually from the app.

**Manual Mode;** Indicated by a white light

Push the “mode button” for approximately 2 seconds until the LED lights go white.

Push the upper and lower button on the left side of your Keon to control the length of the stroke.

Push the + button on the right side to increase the speed and push the - button to decrease the speed.

### **To Pause**

Click the power button once to pause The Keon.  
The LEDs will *blink purple*.

### **To Resume:**

Click the power button and the LEDs will turn white again., Keon will resume moving.

## CHARGING

Insert the USB cable into your Keon's charging port. The charging port is located at the back side of your Keon.(see picture)

Insert the other end into a USB port. This can be in a computer or wall adapter

*[Please note, wall adapter is NOT included in the box.]*  
We recommend using a wall adapter as using a computer will exceed the 4 hour charging time. Wait for the red LED light to blink slowly; this indicates that the Keon is charging.

- The LED light will flash green when your Keon is fully charged. Please disconnect the charger before using.
- When the battery is low, the LED indicator will flash red every 5 seconds.
- When the LED indicator flashes red **quickly**, you will have approximately 5 minutes before your Keon disconnects from Bluetooth and turns off.
- ● The LED indicator will blink blue-red-blue-red periodically if something is blocking the mechanisms from moving.
- When the Keon is updating, the LED indicator will shine yellow.

CHARGING PORT

## HANDLING

### **USE:**

We recommend that you use KIIROO Lube or any other kind of water-based lubricant only.

### **DO NOT USE:**

Silicone lubricant as it could deteriorate the RealFeel™ sleeve material.

Massage oil or hand cream as lubricants.

### **Cleaning The RealFeel Stroker**

Always clean your RealFeel sleeve thoroughly after each use.

1. Remove the RealFeel stroker from the Keon.
2. Remove the RealFeel sleeve from the outer casing of the RealFeel Stroker.
3. Rinse the sleeve with warm water and KIIROOpure™ intimate toy cleaner or a specialized toy cleaner and allow it to air dry.
4. Rinse the outer casing or wipe down with antibacterial wipes.
5. Dry completely before placing the sleeve back in the casing.
6. After your RealFeel sleeve has air dried, use the FeelNew Renewing Powder over your sleeve so that it remains smooth and soft.

### **Cleaning Keon**

Keon is not waterproof.

Please use a moist or damp cloth after each use.

## DISCLAIMER & WARNINGS

- Do not use the Keon if there are exposed electronic elements.
- Do not use the Keon if you are in a shower, bath-tub, swimming pool, sauna steam room etc.  
\*The Keon is NOT waterproof.
- Do not use the Keon if it is excessively hot to touch.
- Do not use the Keon or RealFeel™ Stroker on inflamed or irritated areas.
- Avoid leaving your Keon in direct sunlight and never expose it to extreme heat.
- Never use cleansers containing alcohol, petrol or acetone.
- Do not use heating appliances to dry the sleeve or device.
- Avoid using harsh soaps as they can damage the sleeve material.
- Always store the device out of reach of children.

We, as KIIROO make no medical claims with our devices.

This device is not to be used by or on minors (anyone under 18), or anyone who is unable or unwilling to express consent.

This device is not intended for persons with reduced physical, sensory or mental capabilities, or a lack of experience and knowledge, unless they have supervision or instruction concerning use of the device by a person responsible for their safety.

KIIROO will not be held responsible for any undesirable results of misuse.

## DISPOSAL SPECIFICATION

While the Keon is made from eco-friendly materials, you should not dispose of the Keon in your waste bin. Like any other electronic device with a rechargeable battery, there are disposal regulations. These regulations vary by local municipality, city and by country. Be aware of how electronics are disposed of where you live. KIIROO suggest you ask your local council center.

Also, consider that in your locality, Keon may be considered bio-waste because of its intimate nature.

## AFTERCARE AND HELP

### Specifications:

<b>Materials:</b>	PC ABS, PU Coating; non-porous, chroming, silicone.
<b>Finish:</b>	Matte, Chrome
<b>Size:</b>	320 x 157 x 167 mm
<b>Weight:</b>	± 1500 g without RealFeel Stroker ± 2000 g with RealFeel™ Stroker
<b>Charging:</b>	4 hours .User time: 2 hours

### Help

If you have any further problems with setup and installation or issues with using your device, please do not hesitate to contact our Customer Service team. Our team is there for your support and to explain solutions to your problems in detail.

We try to make your online experience run as smoothly as possible. We aim to answer all questions within 48 hours of receiving them.

## FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures: Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.

To assure continued compliance, any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. (Example - use only shielded interface cables when connecting to a computer or peripheral devices).

This equipment complies with FCC RF radiation exposure limits set forth for an uncontrolled environment.

The equipment is used in portable condition. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter".

This device complies with Part 15 of the FCC Rules. The operation is subject to the following two conditions:

This device may not cause harmful interference, and  
This device must accept any interference received, including interference that may cause undesired operation.

## ISED STATEMENT

This device complies with Industry Canada license-exempt RSS standard(s).

Operation is subject to the following two conditions:

this device may not cause interference and this device must accept any interference, including interference that may cause undesired operation of the device.

This device complies with IC RSS 102 RF exposure requirements for portable use configuration.

The device must not be co-located or operating in conjunction with any other antenna or transmitter.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

L'exploitation est autorisée aux deux conditions suivantes :

l'appareil ne doit pas produire de brouillage, et l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Cet appareil est conforme aux exigences d'exposition RF IC 102 de IC, pour configuration d'utilisation portable.

L'appareil ne doit pas être co-localisé ou fonctionner en conjonction avec une autre antenne ou un autre émetteur.
