SACK it ®
WOOFit Go XQ
BLUETOOTH SPEAKER

$((\langle\!\langle\rangle\!\rangle))$ Wireless charging

$\bigcap$ Water repellent

🔋 Rechargeable

▱ Changeable front

🔈🔈 True wireless stereo

$\ast$ Bluetooth 5.0

Quick start guide
1. Oplad højttaleren i minimum 2 timer
2. Tænd højttaleren på Power knappen
3. Tænd for Bluetooth på den enhed, som du vil forbinde til højttaleren
4. Vælg "WOOFit Go XQ" i Bluetooth-indstillingerne på din enhed
5. Start afspilning af musik fra din enhed
6. Nyd musikken og dans

Opladning af enhed
WOOFit Go XQ kan oplades enten på en QI certificeret trådløs oplader eller med det medfølgende micro USB kabel.
LED'en ved Power knappen blinker rødt når enheden lades. Når enheden er fuldt opladet vil LED'en holde op med at blinke.

Forbind to WOOFit Go XQ højttalere
Hvis du har to WOOFit Go XQ højttalere kan du forbinde dem som stereopar på følgende måde:
1. Tænd begge højttalere på Power knappen
2. Tryk tre gange på Power knappen for at få WOOFit Go XQ i pairing mode (indikationslyset blinker grønt ved korrekt pairing mode). Dette skal du gøre på begge højttalere
3. Højtalerne forbindes i løbet af få sekunder. Indikationslyset lyser grønt ved korrekt forbindelse.

Reset WOOFit Go XQ
Tænd WOOFit Go XQ og tryk følgende kombination på POWER knappen: dobbelt tryk, enkelt, dobbelt, enkelt

Brugermanual
Læs brugsanvisningen før du tager produktet i brug. Hent
brugermanual online på følgende link:
sackit.dk/support

Her kan du downloade brugermanualen og gemme den til
senere brug. I brugermanualen finder du instruktioner og vigtige
sikkerhedsoplysninger.

Quick start guide

Brukermanual
Les instruksjonene før du bruker dette produktet. Last ned
bruksanvisningen på følgende link:
sackit.no/support

Her kan du laste ned bruksanvisningen og oppbevare den for
senere bruk. I bruksanvisningen finner du instruksjoner og viktig
sikkerhetsinformasjon.

Quick Start Guide
1. Charge the speaker for at least 2 hours
2. Turn on the speaker using the Power Button
3. Turn on Bluetooth on the device you want to connect to the speaker
4. Choose "WOOFit Go XQ" in the Bluetooth settings on your device
5. Start playing music from your device
6. Enjoy the music and dance

Charging the device
WOOFit Go XQ can be charged either with a QI certified wireless charger or with the included micro USB cabel.
The LED by the Power button will flash red when the device is charging. When the device is fully charged the red flashing stops.

Connect two WOOFit Go XQ speakers
If you have two WOOFit Go XQ speakers it is possible to create a stereo pair:
1. Power on both speakers
2. Click the Power button three times to enter pairing mode - the indication light will flash green in correct pairing mode. Repeat this for both speakers
3. The speakers will connect in a few seconds. A green light indicates correct connection.

Reset WOOFit Go XQ

Switch on your speaker and press the following combination on the power button: double press, single, double, single.

User manual
Read the user manual thoroughly before using the product. Download user manual online at:
sackit.eu/support

Please download the user manual and save it for future use. In the user manual, you will find instructions and important safety information.

Quick start guide
1. Es dauert min 2 Stunden bis die Lautsprecher vollständig aufgeladen sind
2. Drücken Sie den Power Button
3. Paaren Sie das gewünschte Gerät mit Ihrem Lautsprecher, indem Sie die Bluetooth-Empfangsbereitschaft aktivieren
4. Wählen Sie "WOOFit Go XQ" in Ihrem Display

- Battery life: 5 hours at maximum volume, 9,5 hours at 50% volume
- Charging via a QI certified wireless charger or the included micro USB cable
- Bluetooth version 5.0
- Output power: 1x3W
- Frequency bands: 2402-2480MHz
- Power transmitted: Maximum 10dBm
- Operating temperature range: 0-35 ° C/32-95 ° F
- LED indicator
- Measurements: 104x91 x 50mm
- Weight: 225g

Hereby, SACKit ApS declares that the radio equipment type WOOFit Go XQ is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: http://SACKit.eu/support.

Safety information

    A. Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type

    B. batteries (battery pack or batteries installed) shall not be exposed to excessive heat such as sunshine, fire or the like

To prevent overheating, please do not install the speaker in enclosed spaces. Be sure to set aside at least 10cm around the product for ventilation. The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloths, curtains, etc.

Do not place this device in or close to sources of excessive heat or fire. (Such as: candles, fireplaces or direct sunlight)

This product contains a battery. The product cannot be discarded as general living garbage. Please understand the local classification about collecting the provisions of battery. The correct disposal of the battery helps to avoid the potentially negative impact on the environment and human health.

This symbol, affixed to the product or its packaging, indicates that the product must not be processed with household waste. It must be brought to an electric and electronic waste collection point for recycling and disposal. By ensuring the appropriate disposal of this product you also help in preventing potentially negative consequences for the environment and human health. The recycling of materials helps preserve our natural resources. For further information regarding the recycling of this product, please contact your municipality, local waste disposal centre or the store where the product was purchased.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

FCC Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation.
If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
