

Test Setup Photographs for the SAP-S-3-US (System Access Point 2.0)

1. Radiated Emissions

1.1. Configuration 1: Setup for measurements below 1 GHz (Internal Antennas)

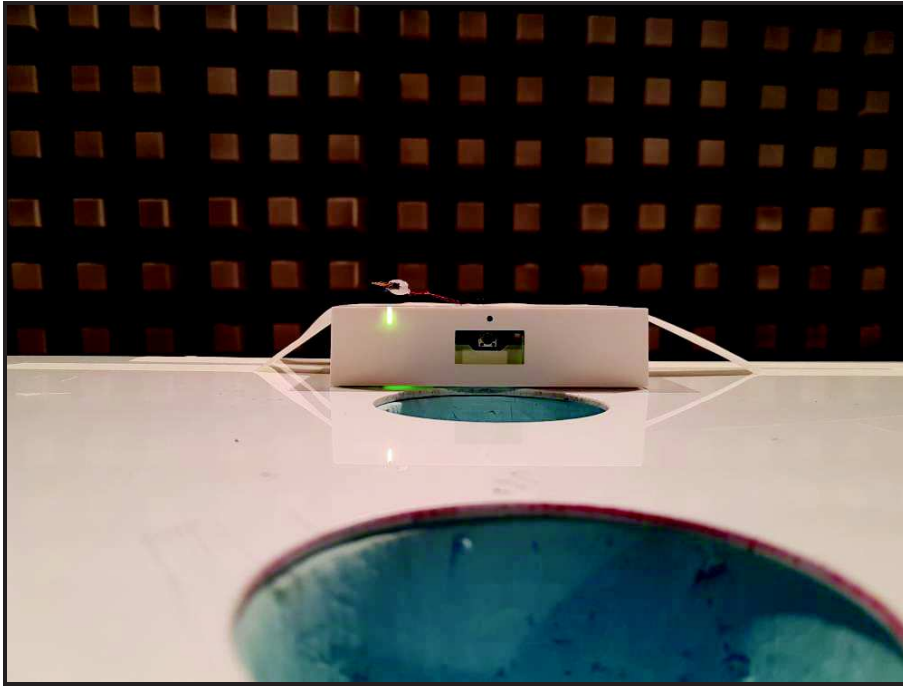

Photo 1

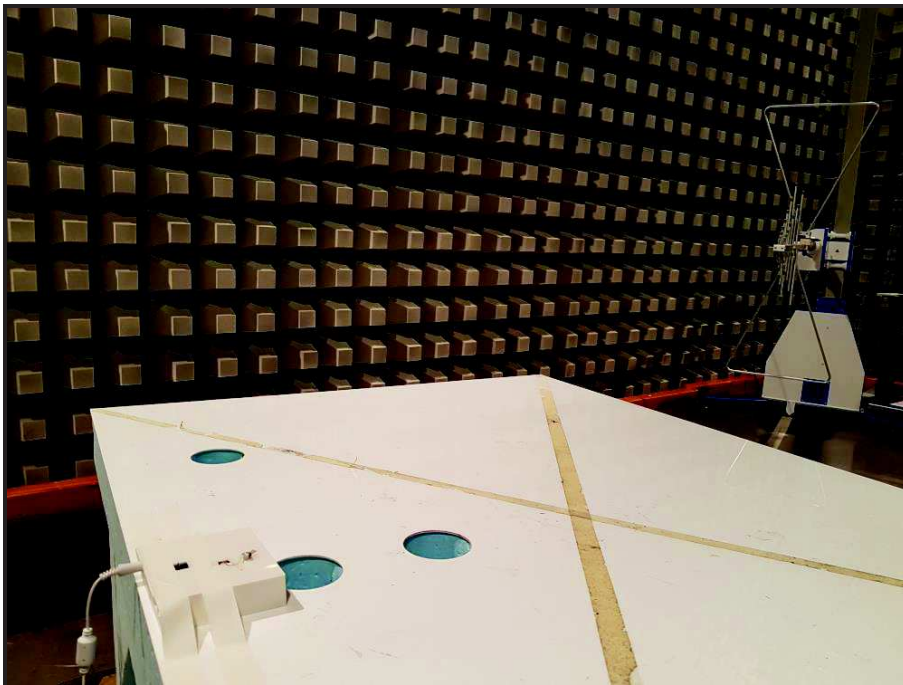

Photo 2

1.2. Configuration 1: Setup for measurements below 1 GHz (External Antenna)

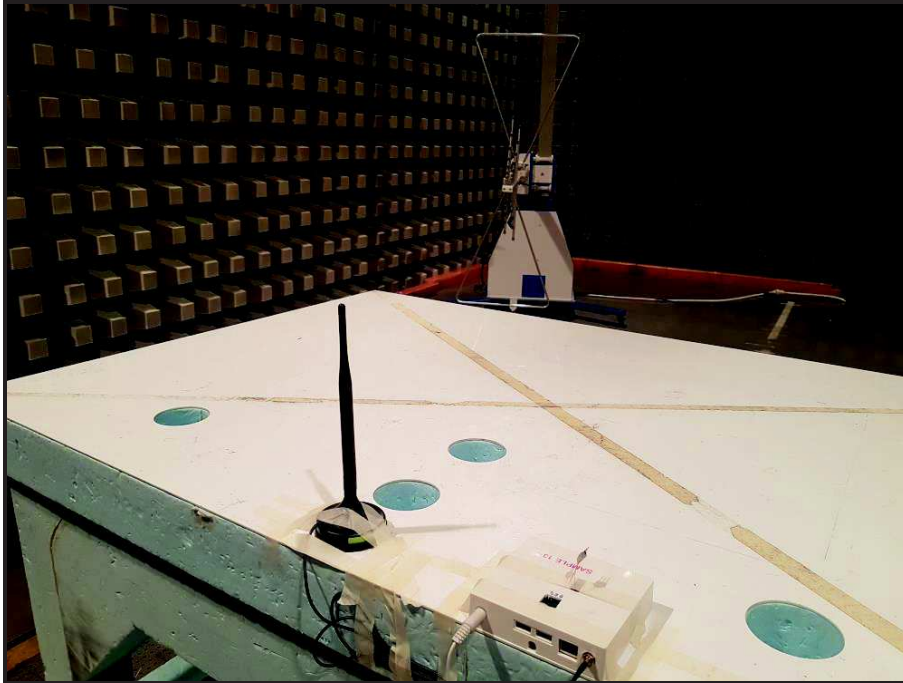

Photo 3

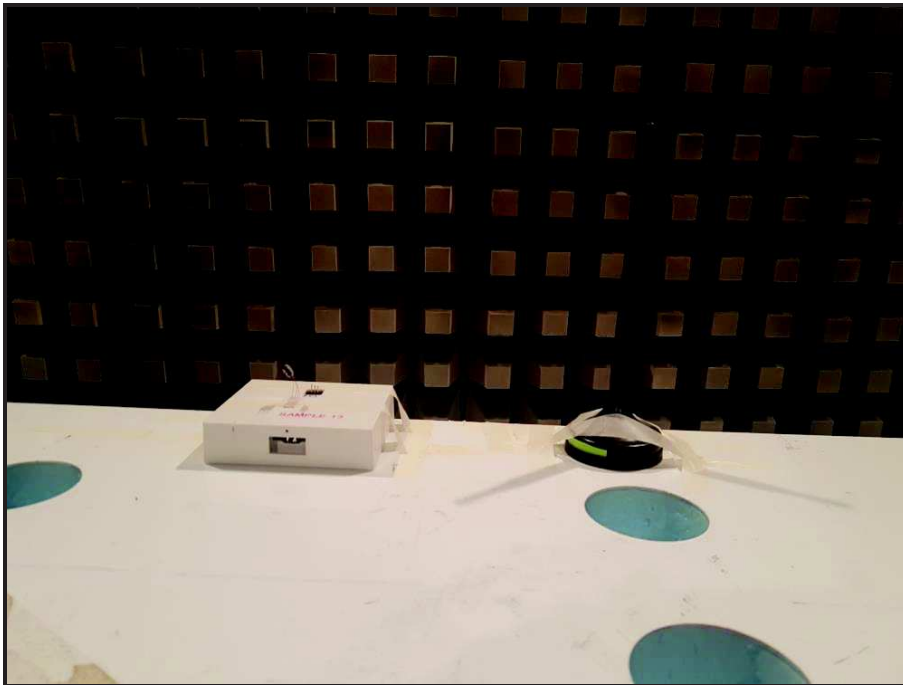

Photo 4

2.1 Configuration 1: Setup for measurements above 1 GHz (Internal Antennas)

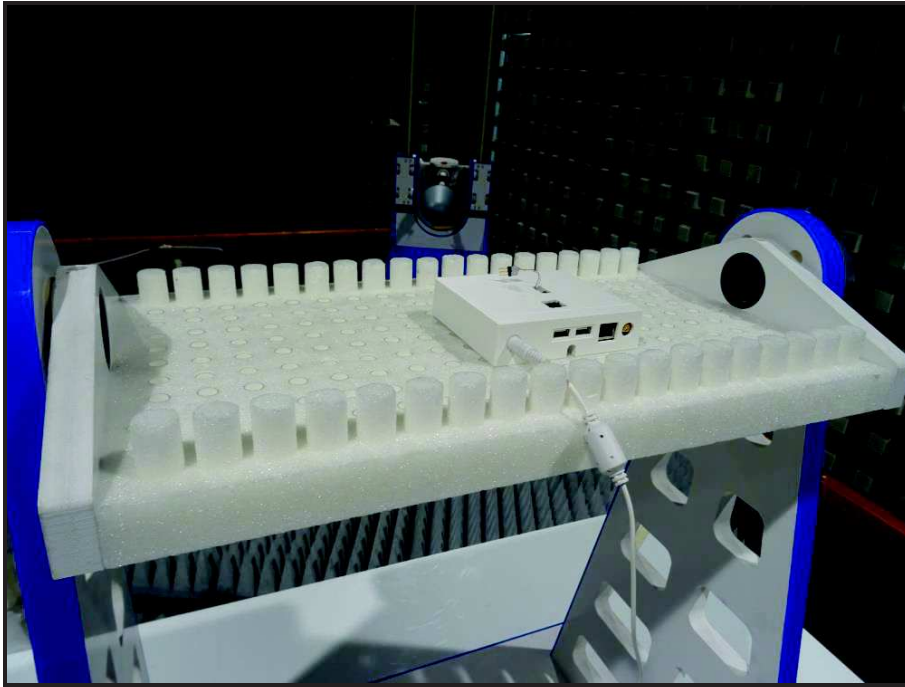

Photo 5

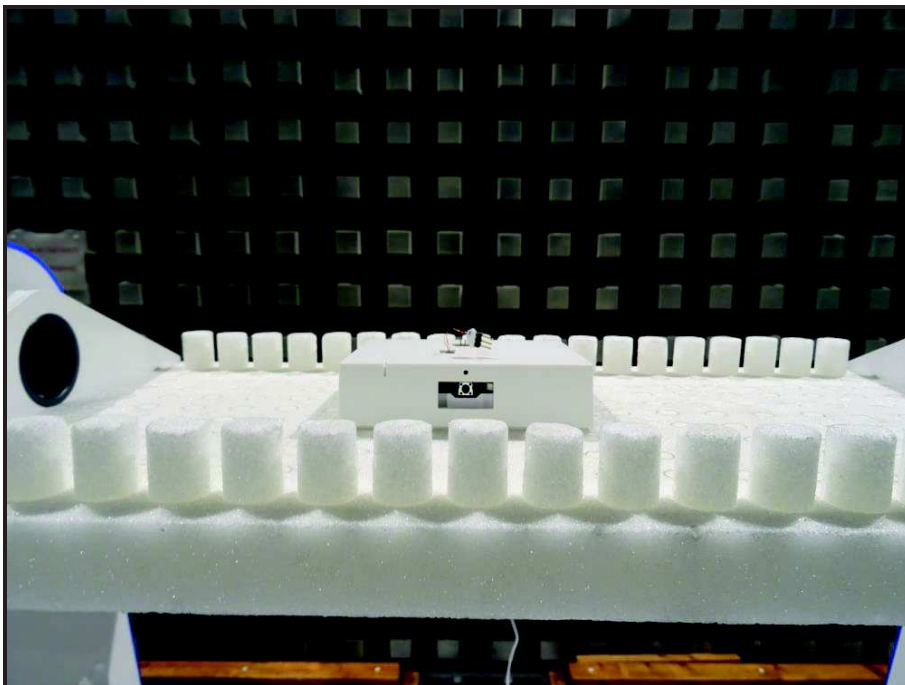

Photo 6

2.2 Configuration 1: Setup for measurements above 1 GHz (External Antenna)

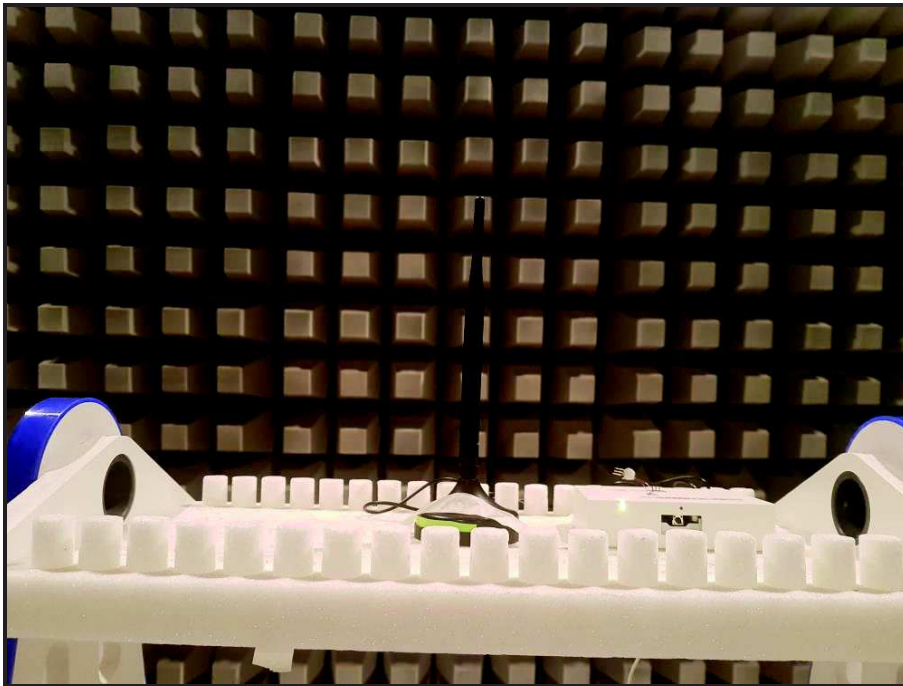

Photo 7

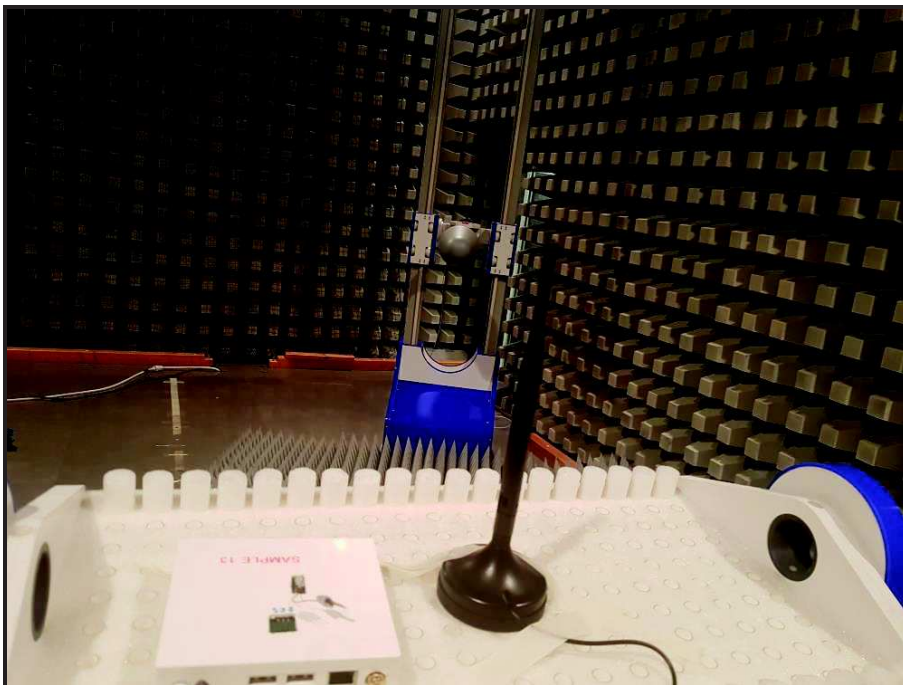

Photo 8

2. Conducted Test Setup

Configuration 1: Setup for all conducted tests

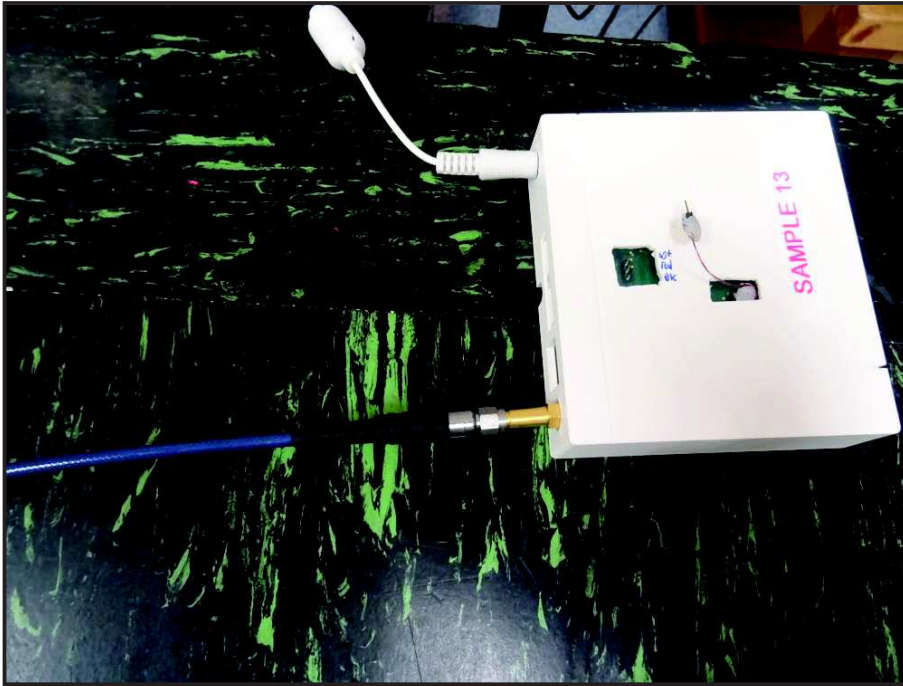

Photo 9

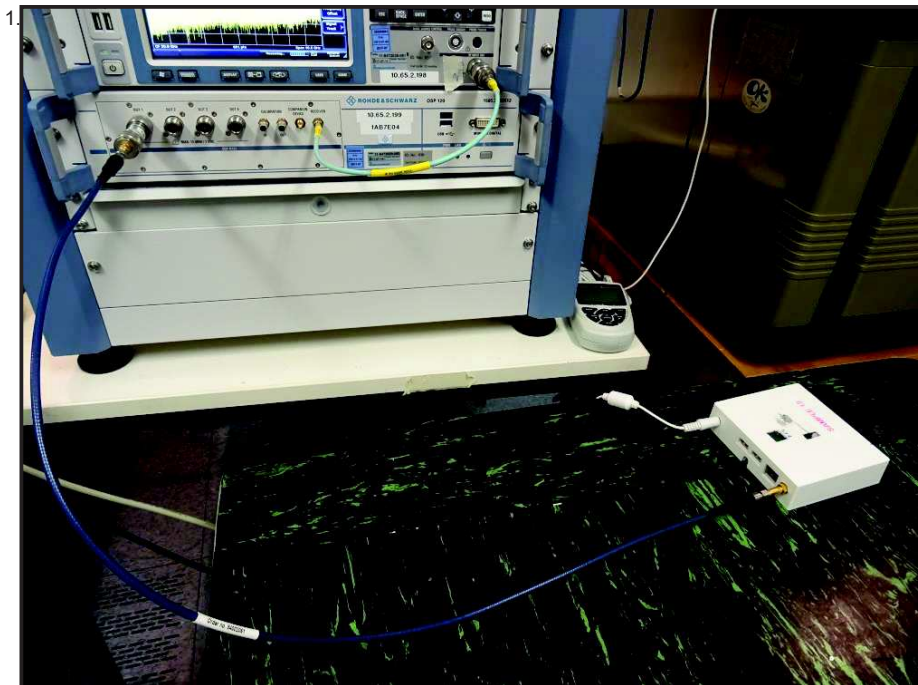

Photo 10

3. **AC Conducted Emissions**

Configuration 1: Setup for all AC Conducted tests (Internal Antennas)

Photo 11

Configuration 1: Setup for all AC Conducted tests (External Antenna)
