Attachment A – Additional Information

The FCC’s “Covered List” includes certain “telecommunications equipment” and “video surveillance equipment” produced by specific manufacturers, their Affiliates or Subsidiaries and including any products produced by these entities which are rebranded or relabeled by other entities. (191, 184, 185, 188)²

The FCC claims the identified equipment poses an unacceptable risk to United States national security.

Telecommunications Equipment (195):

Any equipment used in fixed or mobile networks that provides advanced communications service, provided the equipment includes or uses electronic components, as defined under section 1.50001(c).

Video Surveillance Equipment (205):

Any equipment that is used in fixed and mobile networks that provides advanced communications service in the form of a video surveillance service, provided the equipment includes or uses electronic components.

Advanced Communications Service (195, 205)

Any equipment that can be used in such a fixed or mobile broadband network to enable users to originate and receive high quality voice, data, graphics, and video telecommunications service using any technology with connection speeds of at least 200 kbps in either direction.

Affiliate (183):

An entity that (directly or indirectly) owns or controls, is owned or controlled by, or is under common ownership or control with, another entity, where the term “own” means to have, possess, or otherwise control an equity interest (or the equivalent thereof) of more than 10 percent.

Subsidiary (184):

Any entity in which such named entity directly or indirectly (1) holds *de facto* control or (2) owns or controls more than 50% of the total voting power of the entity’s outstanding voting stock.
