

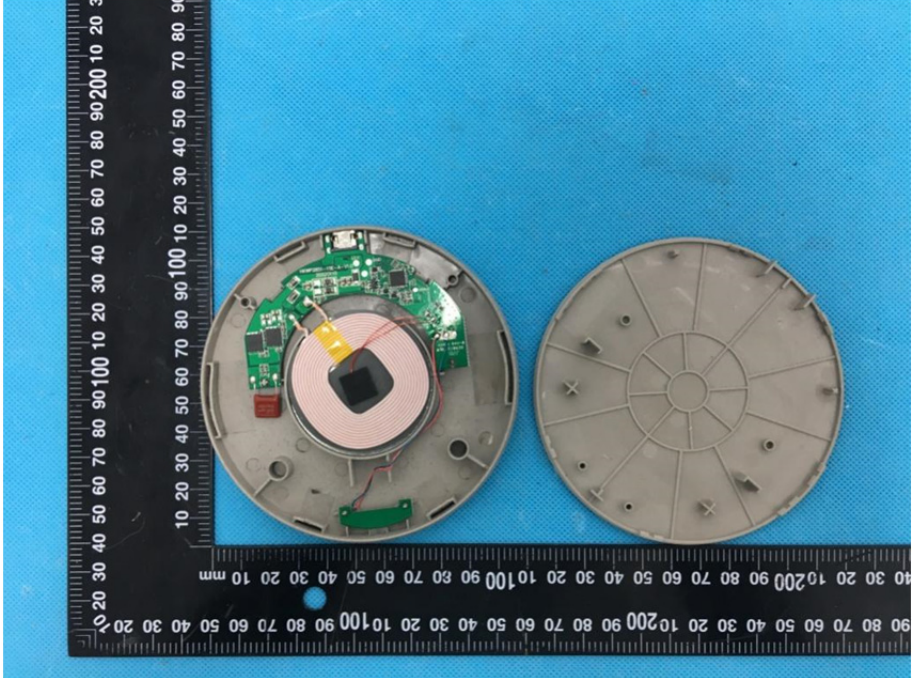

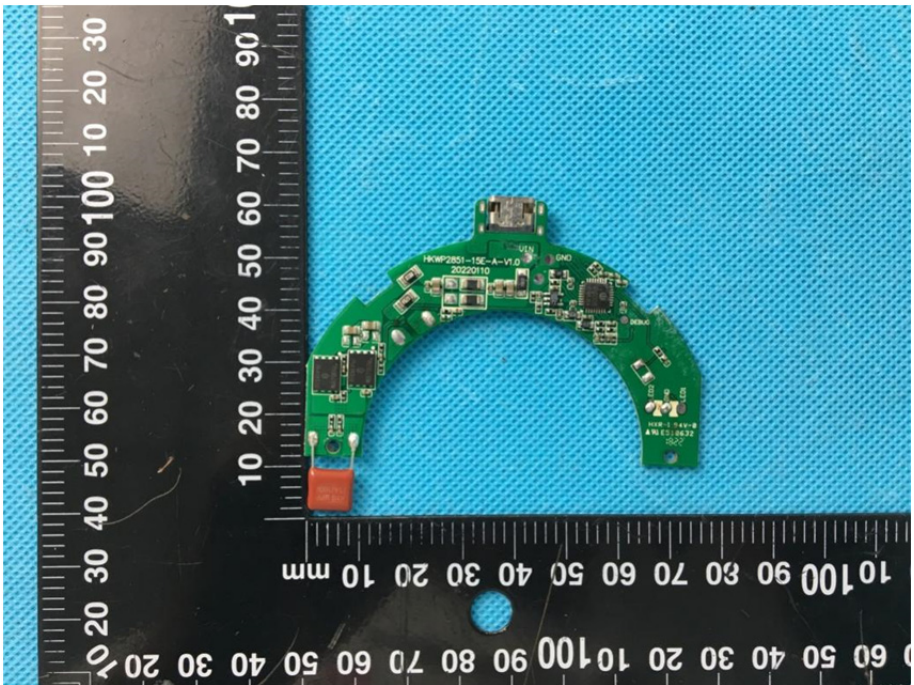

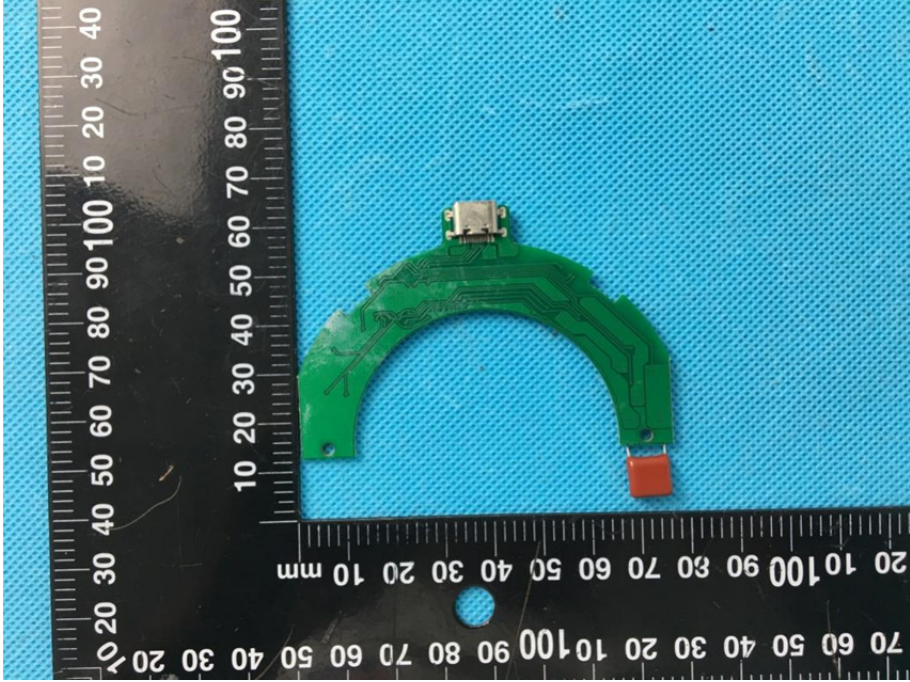

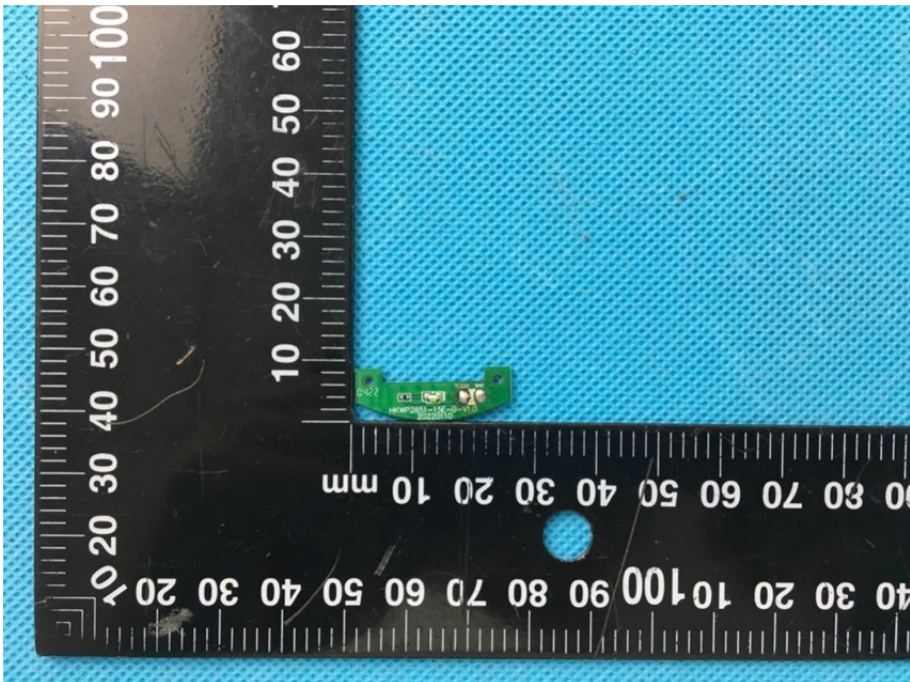

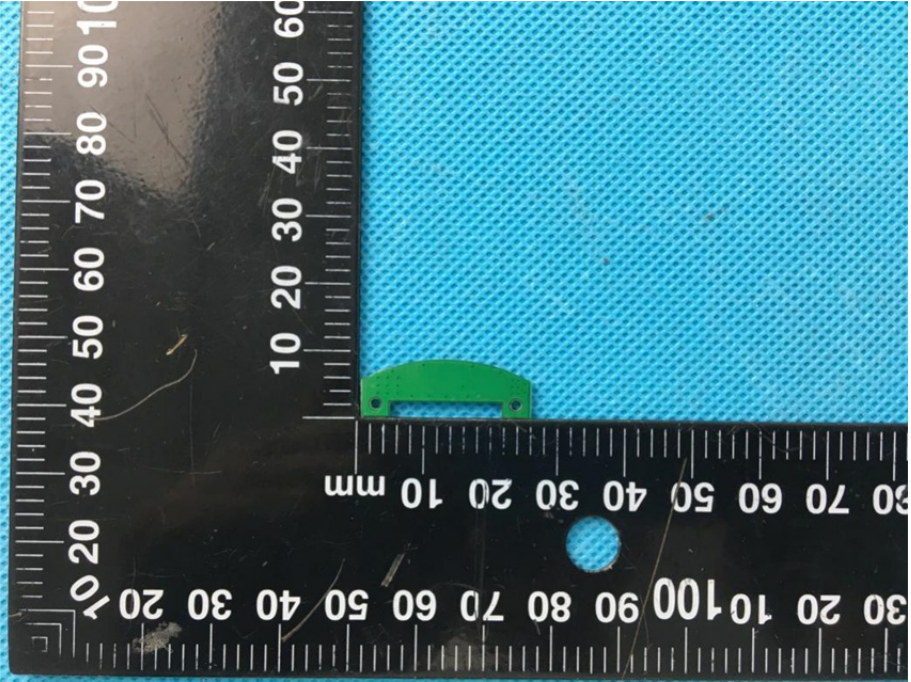

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

<p>EUT Housing and Board View 1</p>	 <p>A photograph showing the internal components of an EUT housing. On the left is the assembled unit, featuring a green PCB with a circular antenna and various components. On the right is the empty grey plastic housing. A black ruler with white markings is placed below the components for scale, showing measurements in millimeters.</p>
<p>Solder Board-Component View 1</p>	 <p>A close-up photograph of a curved green PCB component with various electronic components soldered onto it. A black ruler with white markings is placed to the left of the component for scale, showing measurements in millimeters.</p>

<p style="text-align: center;">Solder Board-Component View 2</p>	 A photograph showing a curved green printed circuit board (PCB) component. The component has a silver-colored connector at the top and a red component at the bottom. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 100 mm in length.
<p style="text-align: center;">Solder Board-Component View 3</p>	 A photograph showing a small, rectangular green PCB component. The component has several small components on its surface. It is placed on a blue textured surface next to a black ruler with white markings. The ruler shows measurements in millimeters, with the component spanning approximately 20 mm in length.
