3. ACTIVATE DISCOVERY MODE

In order to pair the headphones with your device, you must first put them in to discovery mode. You must be using Bluetooth to create your hearing profile through the Audeara app.:

1. TURN HEADPHONES ON

Turn headphones on by flicking the power switch up on the left ear cup.
The blue indicator LED will start flashing.

2. ACTIVATE PAIRING

Hold down the multifunction button for three seconds. The LED indicator will start flashing blue and red and you will hear the headphones say "pairing mode active".

1. CHARGE THE BATTERY

1. INSERT CABLE

Connect the headphones to a USB power source to charge the internal battery. Time to fully charge is 6 hours.

2. CHARGING

While the headphones are charging, the LED indicator will be **RED**.

3. FULLY CHARGED

When charging is complete, the LED indicator will be **BLUE**.

.

Note: You will be unable to listen to your headphones while they are charging due to International Safety regulations.

Quickstart Guide

OVERVIEW

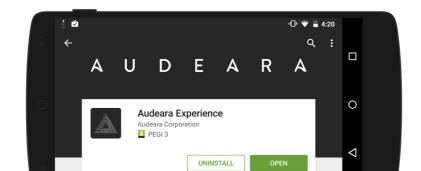

2. DOWNLOAD OUR APP

Download the Audeara app from Play Store (Android users) or App Store (Apple users).

4. PAIR WITH YOUR DEVICE

For iOS devices:

tap Settings > Bluetooth.

For Android devices:

tap Settings > Connections > Bluetooth.

Make sure Bluetooth is turned on.

Your phone or tablet will show all available nearby Bluetooth devices.

If you have placed your **headphones in discovery mode**, they should appear in the list as "Audeara A-O1". If you don't see them, refer to the previous page.

Tap on "Audeara A-01" to pair.

Upon successful pairing, the power LED indicator will stop flashing and remain blue.

5. PERSONALISE YOUR HEADPHONES

Once your headphones are paired, open the Audeara app and follow the onscreen instructions to personalise your headphones to your unique hearing profile.

Personalisation needs power. When powered on your headphones will be personalised in Bluetooth or wired mode. If you run out of battery, you can turn them off and use them in normal wired mode.

SUPPORT & FEEDBACK

We love to hear your feedback and we are here to help.

A-01 Headphones

Product Safety Information

FCC AND IC STATEMENT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAN ICES-3(B)/NMB-3(B)

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- · Reorient or relocate the receiving antenna.
- · Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

FCC Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

ROHS COMPLIANCE

This product is in compliance with the European Union's Restriction of Use of Hazardous Substances in Electrical and Electronic Equipment (RoHS) Directive 2011/65/EU.

IC COMPLIANCE STATEMENT

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

- This device may not cause interference.
- This device must accept any interference, including interference that may cause undesired operation of the device.

CAN ICES-3(B)/NMB-3(B)

IC DECLARATION DE CONFORMITÉ

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

- L'appareil ne doit pas produire de brouillage;
- L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d' en compromettre le fonctionnement.

CAN ICES-3(B)/NMB-3(B)

WEE NOTICE

This symbol on the product indicates that the product must not be disposed of with normal household waste. Instead, it is your responsibility to dispose of your waste equipment by arranging to return it to a designated collection point for the recycling of waste electrical and electronic equipment. By separating and recycling your waste equipment at the time of disposal you will help to conserve natural resources and ensure that the equipment is recycled in a manner that protects human health and the environment

Audeara offers our customers the opportunity to return products at the end of their functional lives to Audeara for recycling, qualifying products are marked with the WEEE symbol shown above. Delivery cost of any authorised product returned to Audeara will be at the expense of the sender.
