**Charging Base**

<b>Charging Base</b>	<b>Front LED Indicators</b>		<b>Status</b>
	<b>Left LED Indicator</b>	<b>Right LED Indicator</b>	
	Solid white for 3 seconds, then turns off	Solid white for 3 seconds, then turns off	Connected to power
	Solid white		Charging your mobile phone
		Solid white	Charging your AirPods
		Flashing orange	Incompatible AC adapter connected, indicating that you should switch to the supplied wall charger or a USB-C wall charger (45W or above) that supports Power Delivery
	Flashing white		Metal object detected
	<b>Rear LED Indicator</b>		<b>Status</b>
	Solid white for 10 seconds, then turns off		Working normally
	Flashing orange		Incompatible AC adapter connected, indicating that you should switch to the supplied wall charger or a USB-C wall charger (45W or above) that supports Power Delivery

Incompatible AC adapter connected, indicating that you should switch to the supplied wall charger or a USB-C wall charger (45W or above) that supports Power Delivery

**To charge a low-power device with a current capacity of 80mA or less, press and hold (or double-press) the button on the portable charger for 2 seconds to activate the low-current charging mode.**

**Use with the supplied wall charger only. Do not connect to a computer's USB port as it may affect the wireless charging function.**

**Using an ultra-thick protective phone case or a case with a magnetic/metal plate is not recommended as it may affect the wireless charging function.**

**Do not place any foreign objects between your smartphone and the wireless charger's surface, including metal pads on a car mount, credit cards, keys, coins, NFC cards or other metal objects, as it may cause overheating.**

# Important Safety Instructions

**Please refer to the electrical and safety information before installing or operating the product.**

Avoid dropping.

Do not disassemble.

Do not expose to liquids.

For the safest and fastest charge, use original or certified cables.

This product is suitable for moderate climates only.

The maximum ambient temperature during use of this product must not exceed 40°C.

Open flame sources, such as candles, must not be placed on this product.

Only use a dry cloth or brush to clean this product.

The socket-outlet shall be installed near the product and shall be easily accessible.

Disconnection from line voltage should be made via the AC plug.

**When using this product, basic precautions should always be followed, including the following:**

- 1) Store the product in a cool and dry place.
- 2) Do not store the product in a hot or humid environment.
- 3) Use of a power supply or charger not recommended or sold by the product manufacturer may result in a risk of fire or injury to persons.
- 4) Do not disassemble the product. Take it to a qualified service person when service or repair is required. Incorrect reassembly may result in a risk of fire or injury to persons.
- 5) If the product is not used for long periods of time, you should charge and discharge once every three months.
- 6) When charging a device, the product may feel warm. This is a normal operating condition and should not be a cause for concern.
- 7) Do not dispose of the product in heat or fire.

- 8) Do not clean the product with harmful chemicals or detergents.
- 9) Misuse, dropping, or excessive force may cause product damage.
- 10) When disposing of secondary cells or batteries, keep cells or batteries of different electrochemical systems separate from each other.

## **FCC Statement**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC RF exposure statement:

The equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. During the operation of device a distance of 15 cm surrounding the device and 20 cm above the top surface of the device must be respected.

**Product Name: Wireless Charger**

**Model: A2583**

**The following importer is the responsible party (for FCC matters only).**

**Company Name: Fantasia Trading LLC**

**Address: 5350 Ontario Mills Pkwy, Suite 100, Ontario, CA 91764**

**Telephone: +1 800 988 7973**

## **IC Statement**

This device complies with RSS - 216 of Industry Canada. Operation is subject to the condition that this device does not cause harmful interference.

- English:

This device contains licence-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's licence-exempt RSS(s). Operation is subject to the following two conditions:

(1) This device may not cause interference.

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF exposure statement:

The equipment complies with IC Radiation exposure limit set forth for uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.

- French:

Cet appareil contient des émetteurs / récepteurs exemptés de licence conformes aux RSS (RSS) d'Innovation, Sciences et Développement économique Canada. Le fonctionnement est soumis aux deux conditions suivantes:

(1) Cet appareil ne doit pas causer d'interférences.

(2) Cet appareil doit accepter toutes les interférences, y compris celles susceptibles de provoquer un fonctionnement indésirable de l'appareil.

Tout changement ou modification non expressément approuvé par la partie responsable de la conformité pourrait annuler l'autorité de l'utilisateur à utiliser l'équipement.

Déclaration d'exposition RF:

L'équipement est conforme à la limite d'exposition aux radiations de la IC établie pour un environnement non contrôlé. Cet équipement doit être installé et utilisé avec une distance minimale de 20 cm entre le radiateur et votre corps.

## **Declaration of Conformity**

Hereby, Anker Innovations Limited declares that the product type **A2583** is in compliance with Directives 2014/53/EU & 2011/65/EU. The full text of the EU declaration of conformity is available at the following internet address:

<https://www.anker.com/>

## **GB Declaration of Conformity**

Hereby, Anker Innovations Limited declares that the product type A2583 is in compliance with Radio Equipment Regulations 2017. The full text of the GB declaration of conformity is available at the following internet address:

[https://www.anker.com](https://www.anker.com/)

Anker Innovations Limited

Room 1318-19, Hollywood Plaza, 610 Nathan Road, Mongkok, Kowloon, Hong Kong

Anker Innovations Deutschland GmbH

Anker Technology (UK) Ltd

Suite B, Fairgate House, 205 Kings Road, Tyseley, Birmingham, B11 2AA, United Kingdom

This device was tested for typical body-worn operations. To comply with RF exposure requirements, a minimum separation distance of 20mm must be maintained between the user's body and the handset, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with RF exposure requirements and should be avoided. Use only the supplied or an approved antenna.

This device is in compliance with the essential requirements and other relevant provisions of UKCA. All essential radio test suites have been carried out.

# Specifications

## Charging Base

\*

Input

15V == 3A

Output

Wireless Output (TWS): 5W Max

USB-C Output (for watch module only): 5W

Pogo Pin Output: 15V==1.2A (18W Max)

TX/RX frequency range

115-205KHz (only for FCC ID and IC)

## Wall Charger

Output

5V==3A / 9V==3A / 15V==3A / 20V==2.25A

**Product Number: A2583**

## Wireless Charger

**This product complies with the radio interference requirements of the European Community.**

**Indoor use only**

**This symbol indicates that this product shall not be treated as household waste. Instead it shall be handed over to the applicable collection point for the recycling of electrical and electronic equipment.**
