condition. The min separation distance is 20cm.

Address: 10900 NE 8th St. Ste 501, Bellevue WA 98004 to the following two conditions: (1) this device may not cause harmful Telephone:1-800-988-7973 interference, and (2) this device must accept any interference received. THERE IS A RISK OF EXPLOSION IF AN INCORRECT BATTERY TYPE IS USED. including interference that may cause undesired operation.

This equipment generates uses and can radiate radio frequency energy

and, if not installed and used in accordance with the instructions, may

cause harmful interference to radio communications. However, there is

no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television

reception, which can be determined by turning the equipment off and on,

the user is encouraged to try to correct the interference by one or more

of the following measures: (1) Reorient or relocate the receiving antenna.

which the receiver is connected. (4) Consult the dealer or an experienced

The device has been evaluated to meet general RF exposure

requirements. The device can be used in fixed/mobile exposure

Warning: Changes or modifications not expressly approved by the party IC Statement responsible or compliance could void the user's authority to operate the This device complies with Industry Canada licence-exempt RSS

standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and Note: This equipment has been tested and found to comply with the limits

(2) this device must accept any interference, including interference that for a Class B digital device, pursuant to Part 15 of the FCC Rules. These may cause undesired operation of the device." limits are designed to provide reasonable protection against harmful

Notice: Shielded cables

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil nedoit pas produire de brouillage, et

All connections to other computing devices must be made using

shielded cables to maintain compliance with FCC regulations.

The following importer is the responsible party:

Company Name: POWER MOBILE LIFE, LLC

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même și le brouillage est susceptible d'en compromettre le fonctionnement."

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de la classe B est conforme à la norme NMB-003 du Canada

(2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to IC RF Statement

When using the product, maintain a distance of 20cm from the body to ensure compliance with RF exposure requirements.

Lors de l'utilisation du produit, maintenez une distance de 20 cm du

corps afin de vous conformer aux exigences en matière d'exposition RF.

Declaration of Conformity

This product complies with the radio interference requirements of the European Community.

Hereby, Anker Innovations Limited declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. For the declaration of conformity. visit the Web site: https://uk.eufvlife.com/.

UK This product complies with the radio interference requirements of the United Kingdom. Hereby, Anker Innovations Limited declares that this product is in

compliance with Radio Equipment Regulations 2017(SI2017/1206). The full text of the UK declaration of conformity is available at the following internet address: https://uk.eufvlife.com

RF exposure information:

The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of d=20 cm between the device and the human body. To maintain compliance with RF exposure requirements, use product that maintains a 20cm distance between the device and the human body.

Frequency bands and power as below:

Function Bands Operation Frequency Max. Power Wi-Fi 2.4GHz 2412-2472MHz EIRP 19.94 dBm
