Pairing Your Wireless Keyboard with Your Devices

Pair your keyboard with the first device

1. Power on your keyboard.

2. Select a Bluetooth channel ($\) / \) / \) / \) to pair$ with. For example, if channel 1 is selected, press Fn + $Q (<math>\))$ simultaneously. The indicator $\) |$ will flash blue, indicating the keyboard is ready for pairing.

3. Enable your device's Bluetooth function.

A list of available Bluetooth devices will display.

4. Select "Compact Wireless Keyboard" to pair.

The indicator will turn solid blue after the first device is successfully paired with your keyboard.

Pairing Your Wireless Keyboard with Your Devices

Pair your keyboard with a second or third device To pair your keyboard with a second device:

1. Press Fn + W. The indicator \$2 will flash blue, indicating the keyboard is ready for pairing.

2. Repeat the Steps 3 and 4 in the "Pair your keyboard with the first device" section to pair your keyboard with the second device.

To pair your keyboard with a third device:

1. Press Fn + E. The indicator \$3 will flash blue, indicating the keyboard is ready for pairing.

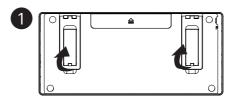

2. Repeat the Steps 3 and 4 in the "Pair your keyboard with the first device" section to pair your keyboard with the third device.

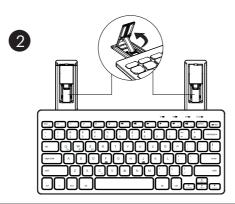

Note:To switch between the first / second / third paired device, press Fn + Q (§1) / W (§2) / E (§3) simultaneously. Your paired device will automatically connect to the corresponding channel.

To remove the paired memory and pair a new device, press $Fn + Q(\S_1) / W(\S_2) / E(\$_3)$. Then press Fn + C to enter pairing status again.

Using the Stand

Open the cover and pull the stand out until it sits on your desk.

Notice

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Notice

(1) Reorient or relocate the receiving antenna.

(2) Increase the separation between the equipment and receiver.

(3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.(4) Consult the dealer or an experienced radio / TV technician for help.

CAUTION

RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE. DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.
