## Step 1. Check The Olive And Accessories

- Olive** (Left ear x1, Right ear x1)
- Charging Case x1**
- USB Type-C cable x1**
- Urethane eartips x4**

Urethane Eartip (Size M)  
 Touchpad  
 L (Left ear) R (Right ear)  
 LED light  
 USB Type-C Cable outlet  
 S/L size 2 each

※ Please make sure to use the included cable.  
 ※ Size M is attached to the left and right sides at the time of purchase.  
 ※ S-size Red / M-size Green / L-size Blue

## Step 2. Charging Your Olive

① Put the Olives into the charger, close the lid, connect the cables, and charge for 1 hour.

② The amount of remaining charge in the Olive Charging Case can be checked by opening the case and looking at the LED light display below.

### How do I charge my Olive on the go?

Your Olive can be charged at anytime by returning them to the portable Charging Case. The Charging Case can hold ~2 full charges, and both earbuds can be fully recharged in around 1 hour.

## Step 3. Wearing Your Olive

For an authentic sounding Olive experience, make sure to choose the best fitting eartip and install it correctly.

The [R] at the bottom of the earbud indicates the right earpiece.

### What if Olive doesn't fit my ears?

Finding the right fit for your Olive is very important. Make sure to try all 3 sizes (S, M, and L) to find the best comfort and fit.

Please attach the earpiece firmly to the back of the Olive.

## Step 4. Powering On Your Olive

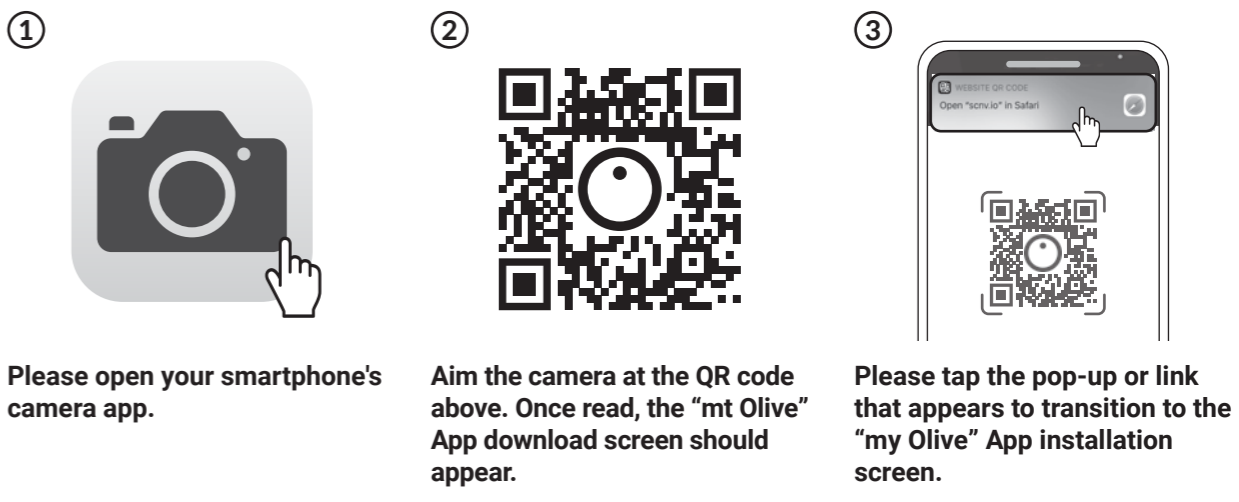

① With the Olive in the charging case, open the lid of the charging case and the olive automatically powers on. Place the olives in the charging case and close the lid to turn the Olives off.

② After charging your Olive, please try the touchpad.

## Step 5. Install the Dedicated Olive Application

While your new Olive may perform well on it's own, use it with the "my Olive" App to experience the full potential of your Olive. Follow the instructions below to download the "my Olive" App.

### If I'm having trouble reading the QR Code?

Please search for "my Olive" in the AppStore or GooglePlay and download the apps shown to the right.

iPhone / iPad  
 Android

## Step 6. Registering Your Olive With The "my Olive" App

- 1 Open the "my Olive" App and follow the instructions on the screen to begin registration.
- 2 When the Bluetooth connection screen appears, touch 'Go to Settings'. When the smartphone's Bluetooth settings screen opens, follow the guide below to pair Bluetooth.

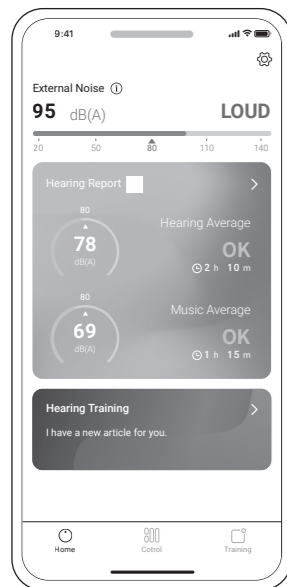

- 3 Once Bluetooth connection is complete, return to the "my Olive" App and continue to follow instructions.
- 4 If ○○ is displayed, then your Olive has successfully been registered!

### What if the connection failed and I can't complete registration?

Please refer to "Bluetooth connection does not work/disconnects in the middle" at the top right.

## Step 7. Using Your "my Olive" App

The "my Olive" App comes with a variety functions that will help take your Olive experience to the next level.

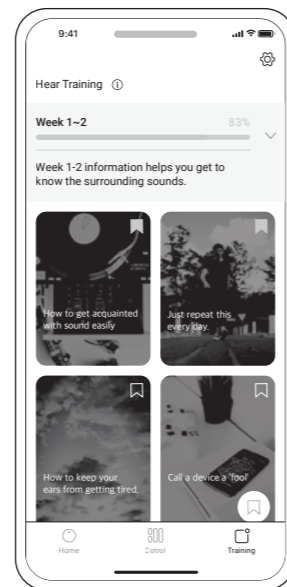

Home Screen

Here you can access your hearing report for a detailed rundown on just how much sound and noise you've recently been exposed to and whether it's unhealthy or not.

Control Screen

Run your hearing diagnostics and optimize your equalizer settings for personalized hearing. You can also switch modes, adjust or control external sounds, and more from the Control Screen.

Training Screen

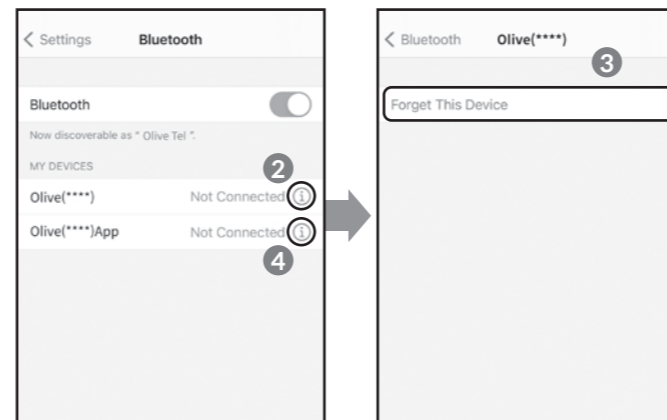

Learn the ropes and get the most out of your Olive with our easy to follow explanations on how to use the "my Olive" App.

## Bluetooth Connection Troubleshooting

If Bluetooth is not connected or disconnected, reset the Bluetooth connection on your smartphone.

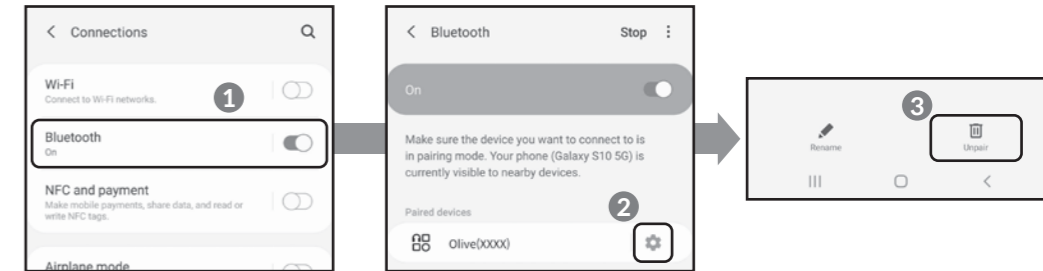

### For iPhone

- 1 Settings > Open Bluetooth
- 2 Touch the ⓘ on the right side of Olive(\*\*\*\*) under "MY DEVICES".
- 3 Touch "Forget This Device".
- 4 The Olive(\*\*\*\*)App will also be automatically removed.
- 5 Uninstall and reinstall the "my Olive" app.
- 6 Please try pairing again

### For Android

- 1 Settings > Connected Devices > Bluetooth
- 2 Under Paired Devices, [Touch the ⚙️ Mark at the Right Side of Olive(\*\*\*\*)]
- 3 Touch "Unpair"

✳ If the above instructions do not help, please uninstall the "my Olive" app, restart your smartphone, and try again from the beginning.

### About Product Disposal

Please dispose of the product in an appropriate way according to the instructions of the local government or municipality.

FCC ID : 2AOLHOSE300

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### FCC Compliance Statement (Part 15.19 (3))

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

### FCC Interference Statement (Part 15.105)

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

### FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
