Columbia, MD 21046

To whom it may concern:

KE2 Connect LLC, hereby requests a Permissive Change Class II of the radio equipment certification for the Edge Manager certification number, FCC ID: 2AOPP-21634. This product differs from the originally approved product in the following manor:

- (a) Associated digital circuitry. No changes to this section
- (b) Functional capabilities. – Product supports RS485 communication via serial daughter board
- (c) Antenna Characteristics. – Two black external 2dbi antenna added
- (d) Cosmetic differences – Enclosure changed to support additional functionality

I do attest that the Field strength and/or RF Output readings remained the same or are lower than the originally approved product and that they did not increase therefore qualifying this product for this application type.

Sincerely,

A handwritten signature in black ink that reads "Steve Roberts". The signature is stylized with a large, looping "S" and a cursive "Roberts".

Steve Roberts
Chief Technology Officer
KE2 Connect, LLC.
