◆ What is in the box?

1. 5W Qi Charging pad with LED night light
2. A 5-ft micro-USB to USB charging cable
3. User Manual

◆ Get to know your 5W Qi wireless charging pad

Wireless Charging Pad	
Input	Micro USB, DC 5V/2A
Output	5W
Dimension	96 X 17mm

◆ Compatibility

1. Qi-enabled devices up to 5W
2. Any Qi-compatible smartphones

LED Indicator	Status
Blue light on for 3 seconds	Connected to power
Off	Stand by for charging
Blue light on continuously	Charging device
Blue light (flashing)	Foreign object detected (Remove it before charging)

LED night light status	Operation
On	Touch the metal ring to the maximized brightness level
Brightness level adjustment	Continuous touch will adjust the light's brightness. If adjusted to minimum level, another continuous touch is needed to adjust the brightness to desired level. The brightness level will be saved into the device memory until power is disconnected.
Off	Touch the metal ring

◆ How to charge your devices.

1. Connect the Micro-USB power/charging cable to the Micro USB port on your charging Pad.
2. Connect charging cable with charging pad to any 5V/2A minimum power supply for charging.

- ◆ Begin to charge
- ◆ Remove any foreign object (if any)
Example: Magnet or holder

If there is any foreign object detected,
LED indicator will be flashing.

**Thick protective case \geq 5mm or a case includes magnet or metallic material, may not allow proper charging function.

Do not place any credit card on the charging device.

Place your smartphone or any Qi-enabled device on the center of the charging pad

LED indicator will be on continuously during charging.

◆ Caution

Avoid dropping
Do not disassemble
No metal objects between devices and wireless charging stand
Thick protective case $>$ 5mm or a case includes magnet or metallic material, may not allow proper charging function.
Keep wireless charging stand away from any liquids or moisture
The maximum ambient temperature during use of this product must not exceed 45°C. Do not place device in fire or other excessively hot environments.
Only use dry cloth or brush to clean this product.
Do not use if visible defects are observed on the wireless charging stand.
Must use a 5V/2A wall charger for proper function. If wall adapter is less than 5V/2A charger may malfunction.

◆ Warning

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

◆ FCC Statements

This device complies with Part 15 of the FCC Rules Operation is subject to the following two conditions
(1) This device may not cause harmful interference, and
(2) This device must accept any interference received including interference that may cause undesired operation

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: Reorient or relocate the receiving antenna Increase the separation between the equipment and receiver

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected Consult the dealer or an experienced radio/TV technician for help

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.
