

**Fast guide**

**Device Information**

**connection diagram**

**home network**  
The Internet connection of the STB can be made by cable or WIFI according to the user's preference.

**Remote control**

**hey google**

Do more on your TV with your voice

Use your voice to find out what is happening now, change channels, record a show, open apps and more. Press the button of the Google Assistant in your control remote to start.

**Remote control**

**pairing guide**

To pair the remote with your device and for it to control your device, you must follow the pairing steps below.

Simultaneously hold down the buttons until the LED lights and turn off multiple times.

Flashing red light means the control remote has entered pairing mode. The message "connected successfully" will be displayed seconds later as a sign that the pairing was successful.

**Setting**

Follow the onscreen instructions using your remote to navigate through the setup process.

**Entertainment**

Bring your entertainment together in one place to easily switch from live and on-demand TV to major streaming apps, or stream your favorites from your smartphone to your TV. And do it all with your voice: search for shows, control your TV and smart devices, answer questions, manage tasks, and more.

Just ask Google

**Specifications**

Media Receiver	
Video	VPS Profile-2 up to 4Kx2K@60fps H.265 HEVC MP-10@L5.1 up to 4Kx2K@60fps AVS2 P2 profile up to 4Kx2K@60fps H.264 AVC-HP@L5.1 up to 4Kx2K@30fps H.264 MVC up to 1080P@60fps MPEG-4 ASP@L5 up to 1080P@60fps (ISO-14496) WMV/VVC-1 SP/MP@P up to 1080P@60fps AVS-P16(AVS-H) AVS-P2 3Zhuo Profile up to 1080P@60fps MPEG-2 MP@HL up to 1080P@60fps (ISO-13818) MPEG-1 MP@HL up to 1080P@60fps (ISO-11172) RealVideo 8/9/10 up to 1080P@60fps
video decoding	
video file format	Supports *.mkv, *.wmv, *.mpg, *.mpeg, *.dat, *.avi, *.mov, *.iso, *.mp4, *.rm and *.jpg file formats
Video output	HDMI 2.1, HDCP2.2
Aspect Ratio	Auto, full screen
Video resolution	480p, 576p, 720p, 1080p and 4Kx2K
Power	
DC input range	12V 1A
Power Consumption Maximum	12W

**Safety information**

**CAUTION!**

NOTICE: To prevent fire and electric shock, Do not expose this equipment to rain or moisture. To avoid any possible risk of electric shock, never try to open the equipment. In case of equipment failure, the repair must be carried out by qualified technicians. Users should not repair any part of this equipment.

**WARNING!**

- Place the device in a well-ventilated place to avoid internal heat buildup.
- Protects the device from high temperatures, humidity, water and dust.
- Do not place any objects that could damage your equipment near it (for example, liquid-filled objects or candles).

**FCC Statement**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device and its antenna(s) must not be co-located or used in conjunction with any other antenna or transmitter.

**Radiation Exposure Statement**  
To comply with FCC RF exposure guidelines, this equipment must be installed and operated with a minimum distance of 20 cm from your body.
