

November 2, 2021

To whom it may concern,

Polaris is seeking a Class II Permissive Change (C2PC) per 47 CFR 2.1043 to FCC Grant 2AOW7-P002 to approve the use of a new Vehicle-to-Vehicle (V2V) transceiver antenna, Linx P/N ANT-916-WRT, with Polaris model RC-7W.

This C2PC makes no changes to the RC-7W which was initially approved under 47 CFR 15.247.

Sincerely,

Laura Zehnder  
Manager, Radio Compliance  
7290 East Viking Blvd  
Wyoming, MN 55092
