

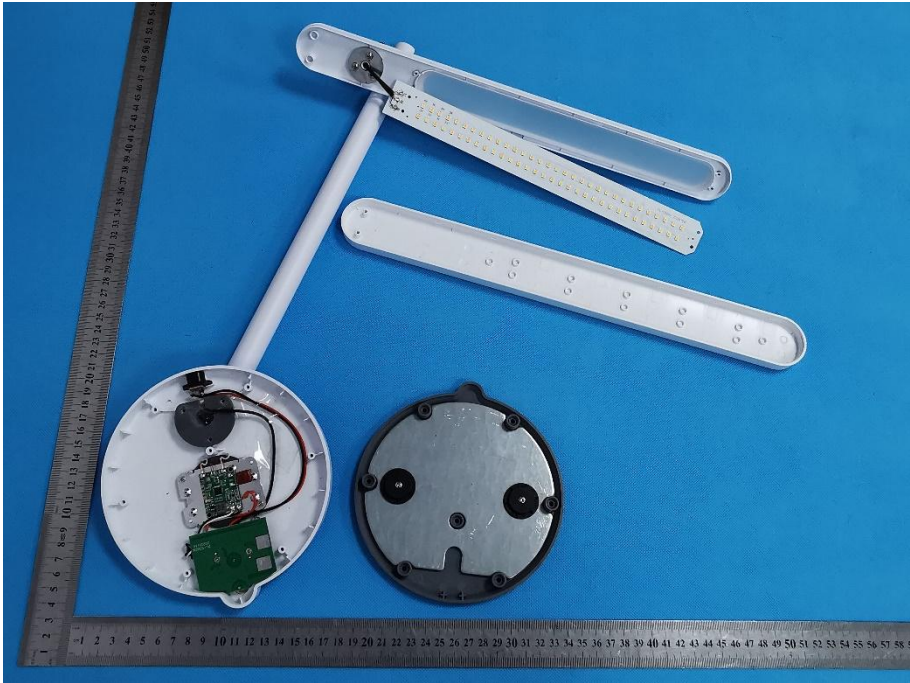

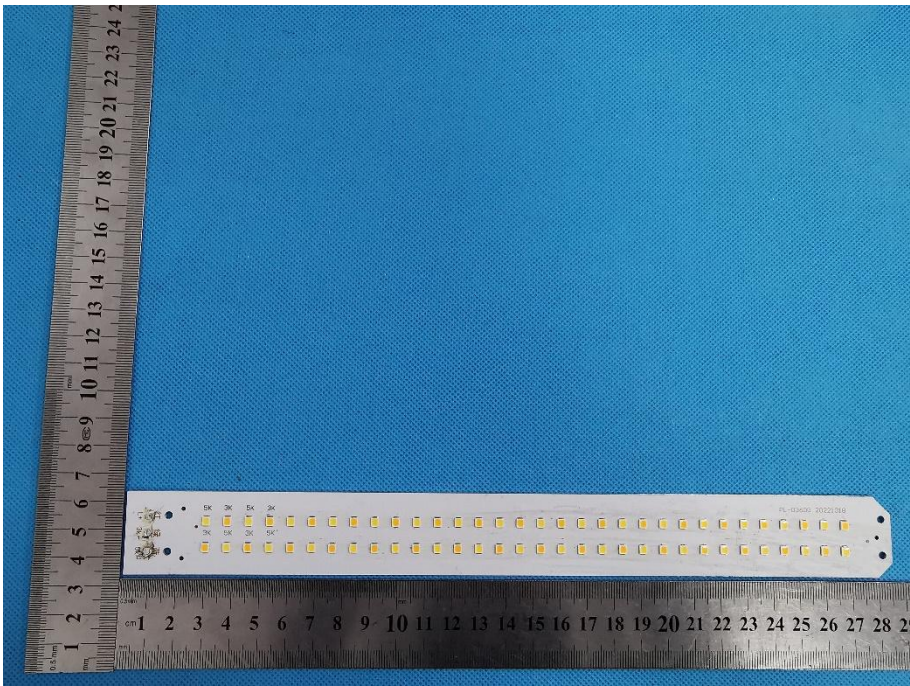

EXHIBIT 3 - EUT INTERNAL PHOTOGRAPHS

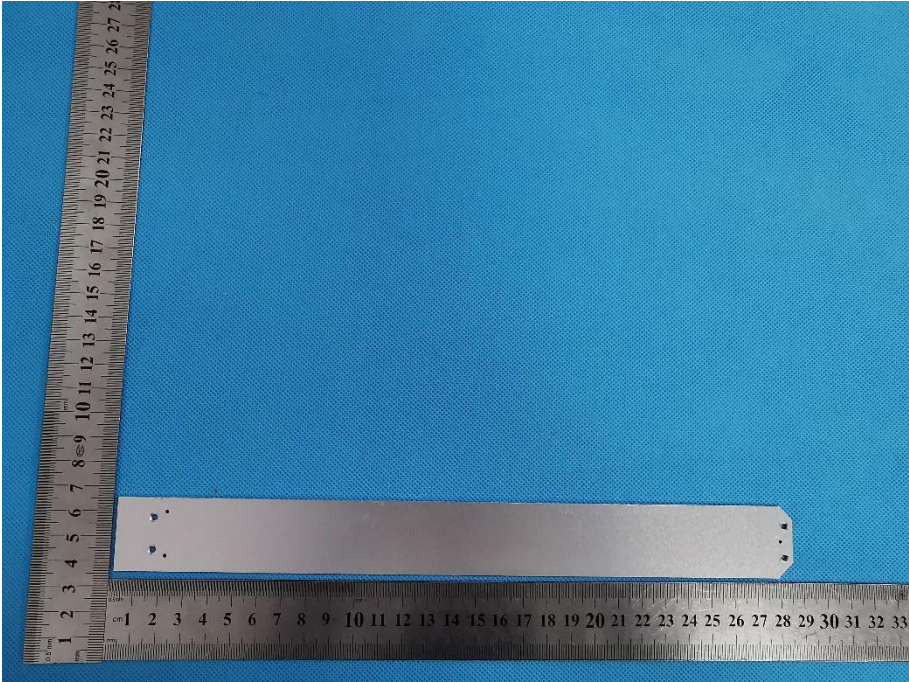

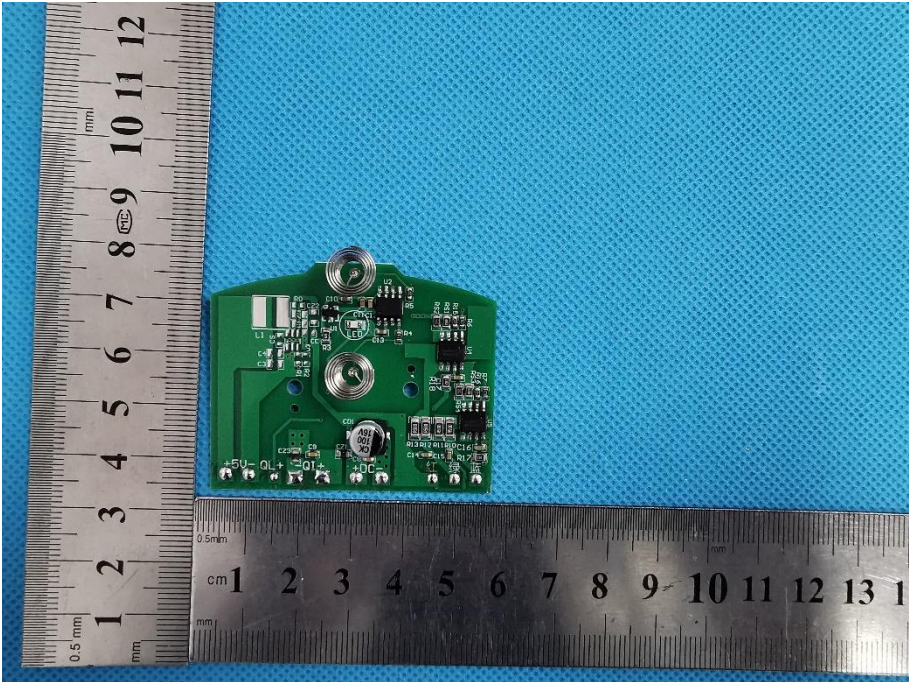

Model No.: PL-0360Q

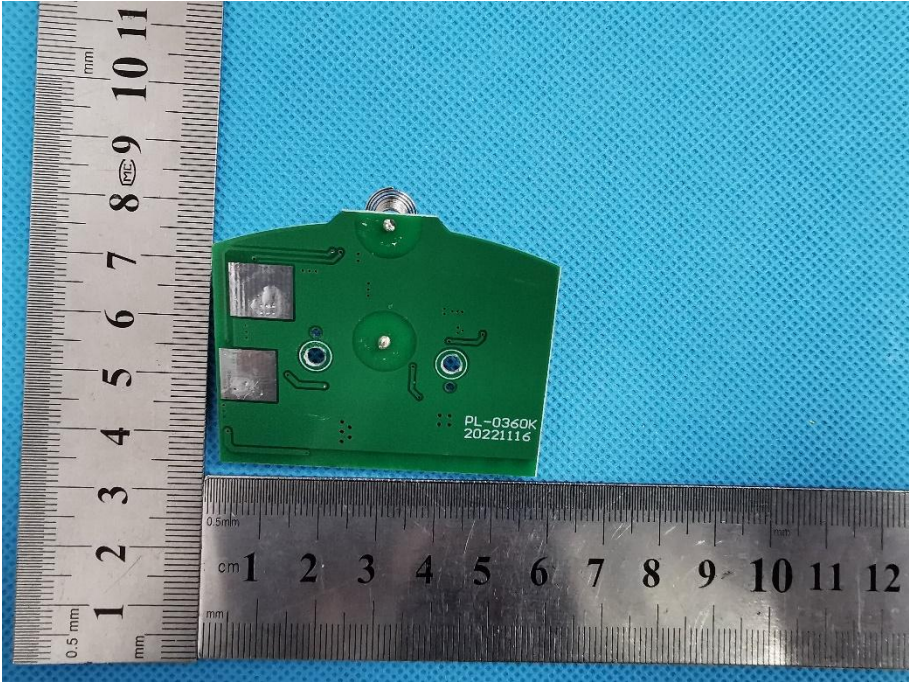

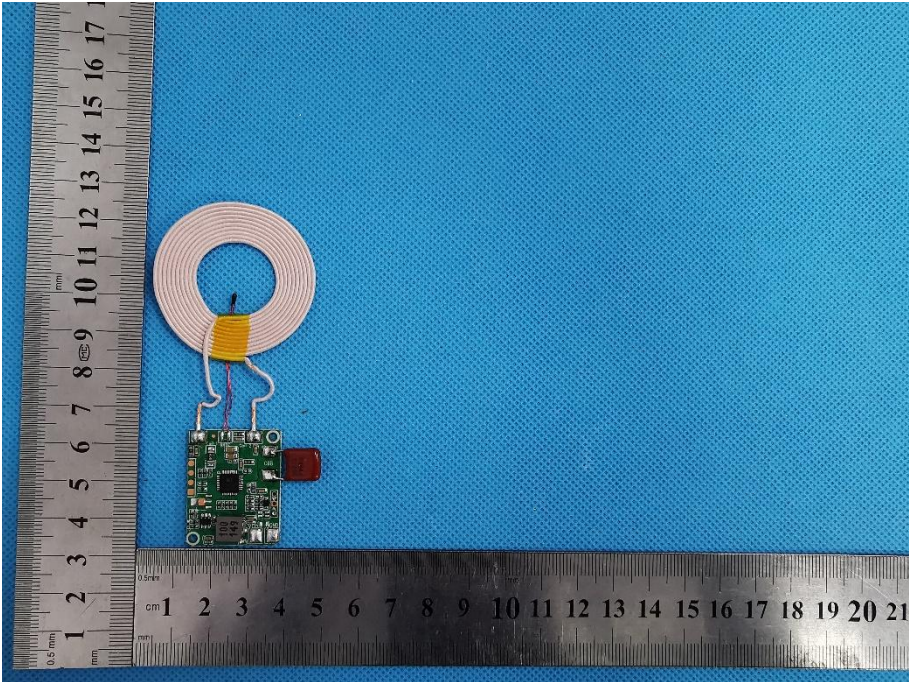

**EUT Housing and
Board View 1**

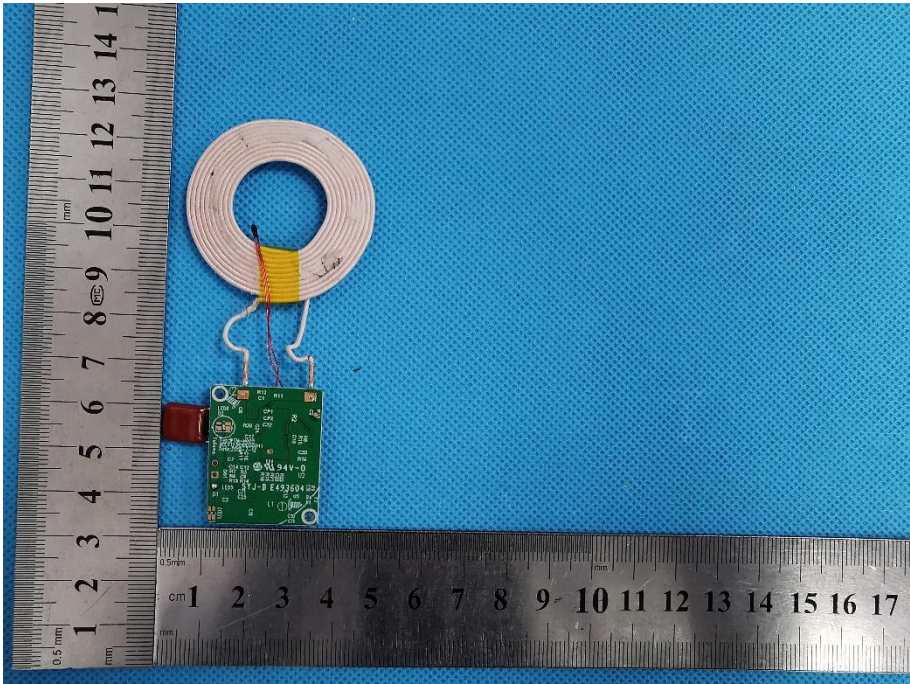

**Solder
Board-Component
View 1**

Solder Board-Component View 2	 A photograph of a long, thin, rectangular silver-colored metal component, likely a solder mask or a thin PCB, placed horizontally on a blue textured surface. A metal ruler is positioned vertically to the left of the component, showing a scale from 1 to 28 cm. Another ruler is placed horizontally below the component, showing a scale from 1 to 33 cm.
Solder Board-Component View 3	 A photograph of a green printed circuit board (PCB) component with various electronic components soldered onto it. The components include several integrated circuits, resistors, capacitors, and a small black component labeled "30C". The PCB is placed on a blue textured surface. A metal ruler is positioned vertically to the left of the component, showing a scale from 1 to 12 cm. Another ruler is placed horizontally below the component, showing a scale from 1 to 13 cm.

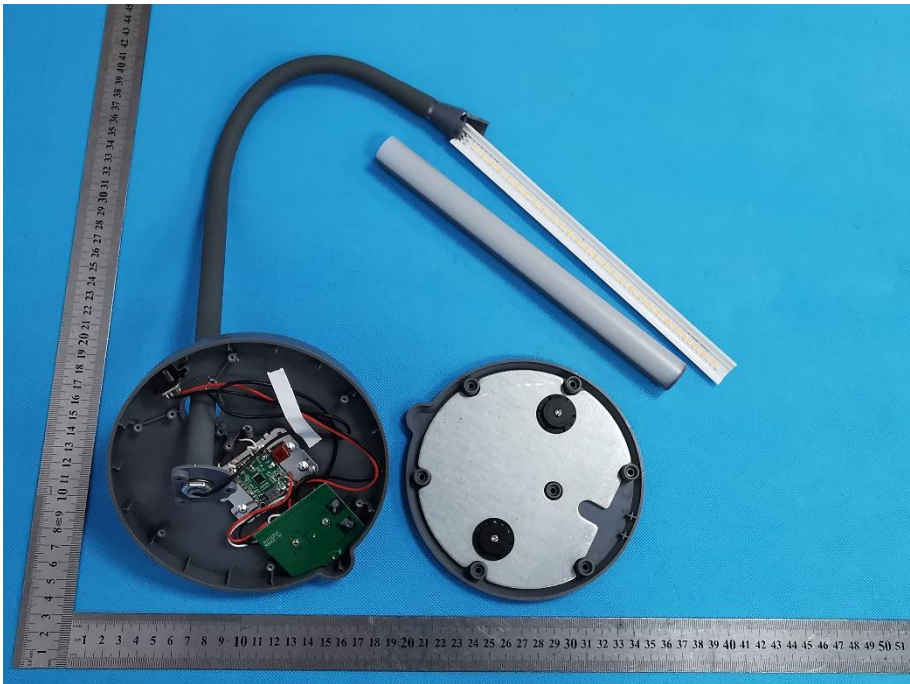

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled 'PL-0360K 20221116', positioned next to a metric ruler. The ruler shows centimeters from 1 to 12 and millimeters from 0.5 to 11. The component is irregularly shaped with various soldered components, including a small silver cylindrical component at the top and several circular pads. The background is a blue textured surface.
Solder Board-Component View 5	 A photograph of a small green PCB component with a red component and a coiled white ribbon cable attached, positioned next to a metric ruler. The ruler shows centimeters from 1 to 21 and millimeters from 0.5 to 17. The component is rectangular with various soldered components. The background is a blue textured surface.

Board-Component
View 1

Solder Board-Component View 2	 A photograph showing a rectangular silver-colored solder board component. The component is positioned horizontally on a blue textured background. A vertical ruler on the left side of the component shows measurements from 1 to 21 cm. A horizontal ruler below the component shows measurements from 1 to 25 cm.
Solder Board-Component View 3	 A photograph showing a green printed circuit board (PCB) component. The component is positioned horizontally on a blue textured background. A vertical ruler on the left side of the component shows measurements from 1 to 11 cm. A horizontal ruler below the component shows measurements from 1 to 12 cm. The PCB is populated with various electronic components, including a large integrated circuit (IC) in the center, several resistors, capacitors, and a small circular component at the bottom left. Labels such as '+5V', 'OL+', 'DI+', '+DC', and 'A81' are visible on the board.

Solder Board-Component View 4	 A photograph of a green printed circuit board (PCB) component, labeled "PL-0360K 20221116", positioned next to a metric ruler. The ruler shows the component is approximately 6.5 cm wide and 4.5 cm high. The PCB features two white rectangular components, several circular holes, and various electronic components and traces.
Solder Board-Component View 5	 A photograph of a small green PCB component with a red component and a coiled white ribbon cable attached, positioned next to a metric ruler. The ruler shows the component is approximately 4.5 cm wide and 2.5 cm high. The PCB has various electronic components and traces.

Solder Board-Component View 6	 A photograph showing a green printed circuit board (PCB) with various electronic components, including a red component and several surface-mount components. A white, circular, multi-layered coil antenna is attached to the board with yellow solder. The assembly is placed on a blue textured surface next to a metal ruler for scale. The ruler shows centimeters and millimeters.
Antenna View	 A photograph showing the same assembly as in the previous view, but from a different angle. A red line points from a text box to the coil antenna. The text box contains the text "Wireless charger: Coil Antenna". The ruler is also visible for scale.
