Subject: Response to Inquiry to FCC (Tracking Number 485065)

Inquiry on 06/12/2018 :

Inquiry:

Hello OET Officer,

Kindly help to check and confirm the waiver for labeling addressed below:

Device is a Mouse Kit, including a Mouse and Nano Receiver. FCC ID to be used for each part is 2AP36-660479 and 2AP36-660478 respectively.

Grantee requests to get a waiver approval for labeling section 15.19 statement on the Mouse, reason is proper labeling area is not enough. 15.19 statement will be printed on packaging and in user manual instead per FCC rules for small device.

Grantee requests to get a waiver approval for labeling FCC ID on the Nano receiver, simply because no enough and proper space. FCC ID of Nano RECV will be indicated in User Manual and on Package.

Attached is
External photo of the Mouse
External photo of the Nano receiver.

Kindly get back to me at your possible earliest time, thank you.

Respectfully,

Jing

updated and attached POAs from the Grantee.

FCC response on 06/15/2018

Yes, this is acceptable.

Please see KDB 784748 3. Certification

[Guidelines for labeling and User Information for RF devices – KDB Publication 784748](#)

When the device is so small, or for such use that it is impracticable to label with a font size that is four-points or larger (and the device does not utilize electronic labeling), then the FCC ID shall be placed in the user manual, and the FCC ID shall also be placed either on the device packaging or on a removable label attached to the device.
