## IMPORTANT PRODUCT AND SAFETY INFORMATION

### WARNING

Read all product warnings, instructions and safety information contained herein before use of Car Thing. Keep this information for future reference. Failure to follow these instructions or heed these warnings could result in fire, electrical shock, bodily injury, or property damage.

**Warning Against Distracted Driving.** Distracted driving can be dangerous and result in serious injury, death or property damage. Safe operation of your vehicle is completely your responsibility. Do not allow interactions with Car Thing to distract you while driving. Always pay full attention to the road and comply with all applicable laws regarding the use of electronic devices while driving. Always observe road signs, traffic laws and road conditions.

Do not set up, mount or adjust the mounting of your device while driving. Follow the set-up and mounting instructions provided to you by Spotify to mount Car Thing while parked in a safe place.

**Warning Against Improper Installation.** Follow the instructions provided to mount Car Thing with the included accessories. Place the device and any cables so that they do not obstruct the driver's view or get in the way of vehicle operating controls, such as the steering wheel, foot-pedals or the driver's feet. Do not place the device in front of or above any airbag. Any such obstruction or interference could result in serious injury, death or property damage. Check and follow applicable laws and requirements about where you can mount your device. IT IS THE USER'S RESPONSIBILITY TO MOUNT THE DEVICE IN ACCORDANCE WITH ALL APPLICABLE LAWS AND ORDINANCES.

**Use Provided Mounts with Care.** Car Thing comes with various mounts to use with your vehicle. These mounts may not work with all vehicle models. Use care when installing Car Thing. Spotify is not responsible for any damage to a vehicle caused by affixing or mounting Car Thing on vents or other locations at the time of installation or later. The mounts may not stay attached in all circumstances. Do not place the device or mount where it will become a distraction should it become detached.

**Handle with Care.** Car Thing is an electrical device that should be handled with care. Avoid dropping Car Thing or its accessories. Do not expose Car Thing or its accessories to food, moisture or liquids. Keep away from dust. Avoid extreme temperatures. Do not use Car Thing, the adapter or cables if they appear to be damaged. Clean the device with a soft cloth that is slightly damp with water; be careful not to wipe it with anything abrasive or harsh chemicals.

# Page 1/2

**Electrical Safety.** Only use power adapters and cables included, or approved for use, with Car Thing. Do not use Car Thing in any area with a potentially explosive atmosphere, such as fueling areas. Do not disassemble Car Thing or its adapter. Comply with signs and notices that prohibit or restrict the use of electronic devices.

**Temperature Warning.** Prolonged heat or cold exposure may damage your Car Thing. For example, do not leave Car Thing unattended in your vehicle in direct sunlight. To prevent heat or cold damage, take Car Thing with you when you leave the vehicle, or store in your vehicle's locked glove compartment. Do not puncture or incinerate the device.

When storing Car Thing for an extended time, store within the following temperature range: from -40 to 176°F (from -40 to 80°C). Do not use Car Thing outside of the following temperature range: from -4 to 113°F (from -20 to 45°C).

**Risk of Hearing Loss.** Listening to sound at high volumes may damage your hearing. To prevent hearing loss, do not listen to loud music or noises for a long period of time.

**Medical Conditions.** Do not use Car Thing if you have any medical condition that you believe could be affected by Car Thing. Consult your physician before use of Car Thing.

**Medical Device Warning.** Car Thing generates, uses and can radiate radio frequency energy which may interfere with certain medical devices, such as pacemakers, defibrillators, or other medical devices. Keep Car Thing a safe distance away from your medical device. For specific information about your medical device, talk to your doctor and medical device manufacturer. Stop using Car Thing if you suspect it is interfering with your medical device.

**Repetitive Motion.** Repetitive activities such as tapping or scrolling may lead to discomfort in your fingers, hands, arms, or neck. If you experience discomfort after using Car Thing, stop use and consult your doctor.

**Choking Hazard.** Car Thing is not a toy and should not be played with by children. Car Thing and its accessories may present a choking hazard. Keep Car Thing and accessories away from small children.

**FCC Compliance Statement.** This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device or external switching power supply, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the separation between the equipment and receiver
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
- Consult the dealer or an experienced radio/TV technician for help.

Pursuant to Section 15.21 of the FCC rules, changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The party responsible for FCC compliance is: Spotify USA Inc., 4 World Trade Center, 150 Greenwich Street, 62nd Floor, New York, NY 10007, USA. If you wish to contact Spotify visit [support.spotify.com](https://support.spotify.com).

**Device Name:** Car Thing  
**Model:** YX5H6679

**Radio Operating Frequency:** This product contains a Bluetooth radio that operates in the frequencies between 2400 - 2490 MHz and transmits at maximum 0 dBm output power (radiated).

**Information Regarding Exposure to Radio Frequency Energy.** This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20 cm between the radiator & your body.

## **RSS-Gen & RSS-247 statement.**

- This device complies with Industry Canada licence-exempt RSS standard(s).
- Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.
- Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.
- L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

## **RSS-102 Statement.**

- This equipment complies with Industry Canada radiation exposure limits set forth for an uncontrolled environment.
- Cet équipement est conforme à l'exposition aux rayonnements Industry Canada limites établies pour un environnement non contrôlé.

**Follow All Applicable Laws.** National, federal, state, or local laws or requirements may apply to your use of Car Thing. Spotify does not assume any responsibility for any fines, penalties or damages that may be incurred as a result of any national, federal, state, or local laws or requirements relating to the use of Car Thing.

**Repair.** Do not attempt to repair Car Thing. Contact Spotify support for information on repairs. Contact details can be found at [support.spotify.com](https://support.spotify.com).

**Recycling Your Device.** Contact your state or local waste disposal department to determine how to dispose of or recycle Car Thing in accordance with applicable laws and regulations.

**Declaration of Conformity.** Spotify declares that this product is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. To view the full declaration of conformity go to: [carthing.spotify.com/legal/declaration-of-conformity](https://carthing.spotify.com/legal/declaration-of-conformity).

**Made for Apple.** Use of the Made for Apple badge means that an accessory has been designed to connect specifically to the Apple product(s) identified in the badge and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

## **IMPORTANT PRODUCT AND SAFETY INFORMATION**

### **WARNING**

Read all product warnings, instructions and safety information contained herein for future reference. Failure to follow these instructions or heed these warnings may result in injury or property damage.

**Warning Against Distracted Driving.** Distracted driving can be dangerous and operation of your vehicle is completely your responsibility. Do not allow interaction with your device while driving. Always pay full attention to the road and comply with all applicable laws regarding driving. Observe road signs, traffic laws and road conditions.

Do not set up, mount or adjust the mounting of your device while driving. Follow the instructions provided by Spotify to mount Car Thing while parked in a safe place.

**Warning Against Improper Installation.** Follow the instructions provided to mount your device and any cables so that they do not obstruct the driver's view or get in the way of the steering wheel, foot-pedals or the driver's feet. Do not place the device in front of the driver's seat. Improper installation or interference could result in serious injury, death or property damage. Check and follow local laws and regulations where you can mount your device. IT IS THE USER'S RESPONSIBILITY TO MOUNT THE DEVICE IN ACCORDANCE WITH APPLICABLE LAWS AND ORDINANCES.

**Use Provided Mounts with Care.** Car Thing comes with various mounts to use with different vehicle models. Use care when installing Car Thing. Spotify is not responsible for damage to your vehicle or mounting Car Thing on vents or other locations at the time of installation or later. Use Car Thing in safe circumstances. Do not place the device or mount where it will become a distraction while driving.

**Handle with Care.** Car Thing is an electrical device that should be handled with care. Do not expose Car Thing or its accessories to food, moisture or liquids. Keep away from heat. Do not touch the device, the adapter or cables if they appear to be damaged. Clean the device with a soft, dry cloth. Be careful not to wipe it with anything abrasive or harsh chemicals.
