

JayBrites™

Instruction Manual

PET MODE

1. Turn Power switch to "ON" to put your Jambrates into pet mode. Jambrates hair, face and tail will light up with sound when the Jambrates is on.
2. Jambrates light up in different colors for different emotions. Pink = Happy, Red = Angry, Yellow = Hungry, Green = OK, Blue = Sad, Purple = Tired.
3. Jambrates react with light and sound when you pet the back of the head or touch their mouth. Jambrates will also change colors and make sound when they hear clapping or loud noises.
4. Turn Jambrates OFF to conserve battery when you are finished with Pet Mode.

BLUETOOTH SPEAKER MODE

1. Turn Power Switch to The Bluetooth symbol. You should hear a twinkle sound.
2. Pairing up mobile phone or device.
3. Go to the Bluetooth setting on your mobile phone or device. Make sure that the bluetooth is on.

Note : Your Jambrates will appear in the bluetooth menu as "Jambrates".
4. Select "Jambrates" in the menu and connect.
5. Once your Jambrates is paired successfully to your mobile phone or device, your Jambrates will now act as a speaker and will light up to any video or music that is played on your device.

BATTERY CHARGING BC

1. Turn Power Switch to The Bluetooth symbol. You should hear a twinkle sound.
2. Connect the mini-USB cable to USB charging port on your Jambrates and USB port of your computer or USB charger.
3. Once the USB cable is connected, your Jambrates will light up red around the USB socket, the red light will turn off when the battery is fully charged. The approximate charging time is 1-1/2 hours.
4. Fully charge battery each time before use. Battery will deteriorate if left uncharger for long periods.

Battery electrochemical system : Polymer Lithium Ion
Nominal voltage : Battery=3.7V , USB Charging voltage=5V
Rated Capacity in mAh & Wh : 200mAh / 0.74Wh

FCC ID: 2AP40JAP502IT

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation of the device. **Warning:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

WARNING : Not suitable for children under 36 months.
May contain small parts.

Complies with toy safety standard ASTM F963"/EN71.

Please retain the packaging information for future reference.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
