

PHOENIX TESTLAB GmbH
Product Certification
Königswinkel 10
D 32825 Blomberg

Date: 13 January 2020

FCC ID: 2AP5OLFM-4X

Subject: Professional Installation

To Whom It May Concern:

We hereby declare, that the device with the above referenced FCC ID is subject to Professional Installation and complies with the applicable requirements as defined in KDB353028 D01 Antennas Part 15 Transmitters.

The device will be certified with a ferrite-antenna HRF.A.LFX.SM.SS.15 and marketed exclusively for use in industrial environments as documented in the FCC filing. We have full control over the marketing as it can only be purchased directly from us, so that we know each individual customer. Especially the proper set-up with countless of different selection features requires skilled technical competence and understanding of the system.
Either we offer dedicated installation training sessions, or the device will be alternatively installed by our own staff.

If you have any questions, please feel free to contact me.

Yours sincerely,

Lothar Dünfelder, Development, T&T
