

## Datasheet – Plegium® Smart Mini Pepper Spray

### Product Highlights

The Plegium® Smart Mini Pepper Spray is a multi-function Pepper Spray that connects to your phone. Download the FREE Plegium app (available for iOS and Android) and set it up in less than a minute. All functions: Pepper Spray, location texts and phone calls activate automatically when the user presses the button. The trigger button is protected by a flip-top safety lid that prevents accidental triggering and at the same time ensures fast and safe activation. The button also has a sensory sight enabling the user to feel the direction of the nozzle. The product has an ergonomic grip that prevents the index finger from covering the spray nozzle.

It is also equipped with a quick-release magnetic keychain making it easy to have it ready when ever needed. The plastic enclosure of the product is made of 2 mm thick PC-ABS which makes it very robust and durable. The Smart Mini Pepper Spray has a 4-year no-charging battery life that ensures that the product is ready whenever needed.

### #1 Pepper Spray

- 0.5oz (13 ml) - same as most popular standalone pepper sprays
- 10-foot range (3 meter)
- Up to 20 bursts

### #2 Location Text Messages

- Sent automatically when the user fires the Smart Mini Pepper Spray
- The text messages contain a Google Maps link showing the user's location
- Regular text messages - the emergency contacts don't need the Plegium app
- Enabled by the free Plegium app (available for iOS and Android) where you can add up to 5 emergency contacts

### #3 Phone Calls

- Your emergency contacts receive an automatic phone call when the user fires the Smart Mini Pepper Spray
- A voice informs the emergency contacts that the user is in danger and that they have received a text message with the location of the incident
- Enabled by the free Plegium app (available for iOS and Android) where you add up to 5 emergency contacts

### Key Features

1. Pepper Spray with red- & UV-dye
2. Location Text Messages
3. Phone Calls
4. Magnetically released keychain
5. Professional Monitoring Service (Optional) \$4.99/month

### Key Benefits

- One button triggers all functions
- Flip-top safety lid prevents accidental triggering
- 4-year no-charging battery life
- Free text messages
- Free phone calls
- Free Plegium app
- Up to 5 emergency contacts
- The emergency contacts don't need the Plegium app

**FCC Caution:**

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
