This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this equipment not expressly approved by KOGA TOUCH Co.,LTD. may void the user's authority to operate this equipment.

For non-intentional radio parts, this equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installations. If this equipment does cause harmful interference to radio or television. Which can be determined by turning the equipment off and on,

the user is encouraged to try to correct the interference by one or more of the following measures:

Increase the separation between the equipment and receiver.
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Canada

This device complies with RSS-247 of Industry Canada and is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications to this equipment not expressly approved by KOGA TOUCH Co.,LTD. may void the user's authority to operate this equipment. This Class B digital apparatus complies with Canadian ICES-003.

Français

Ces équipements sont conformes à la norme CNR-247 d' Industrie Canada. Leur utilisation est subordonnée aux deux conditions suivantes:

- Ces appareils ne doivent pas causer

d' interférence dommageable.

• Ces appareils doivent pouvoir accepter toute interférence reçue, y compris les interférences susceptibles de compromettre le fonctionnement des dispositifs.

Toute modification apportée à ce dispositif sans l' autorisation expresse de KOGA TOUCH Co.,LTD. pourrait annuler la licence d' utilisation accordée à l' utilisateur. Ce dispositif numérique de la classe B est conforme à la norme NMB-003 du Canada.

Europe

We KOGA TOUCH Co.,LTD. declare under our Sole responsibility that the Active Smart Pen; Model No: P2R-UWA; conforms to the essential requirements of European Union Directive 2014/53/EU Radio Equipment Directive (RED) and 2011/65/EU Restriction of Hazardous Substances in Electrical and Electronic Equipment.

The full text of the EU declaration of conformity is available at the following internet address:

www.clixup.cn

United Kingdom

We KOGA TOUCH Co.,LTD. declare under our sole responsibility that this product conforms to the essential requirements of UK Legislation: RED Radio Equipment Regulation 2017 – UK SI 2017 No. 1206, RoHS Restriction of the use of certain Hazardous Substances in Electrical and Electronic Regulations 2012 – UK SI 2012 No. 3032.

The full United Kingdom Declaration of Conformity can be found by searching for the model name at

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE 1: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
- Reorient or relocate the receiving antenna.

- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE 2: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF Exposure Statement

- To maintain compliance with FCC's RF Exposure guidelines, this equipment should be installed and operated with minimum distance of 20cm from the radiator to your body. This device and its antenna(s) must not be co-located or operation in conjunction with any other antenna or transmitter.
