

Sensen Group Co., Ltd.

Declaration of Difference

The models of CPW-20000, CPW-30000, CPW-50000 and CPW-75000 have the very similar electrical construction, they use the same WIFI module. The difference is the size of the enclosure, the outer view of the appearance and the rating power of the UV light. CPW-75000 was chosen to do the test as representative.
