

HMC Holdings, LLC

Date: 2018-12-12

Statement

Product Description: FirstWatch CPU

Model name: SRC301-A, SRC301-B, SRC301-C

FCC ID: 2AP9FSRC301

We hereby state that SRC301-A, SRC301-B, SRC301-C were identical inside for RF Section, power supply and crystal. Only difference between all three variants are connectors and connection with Sub-1GHz module.

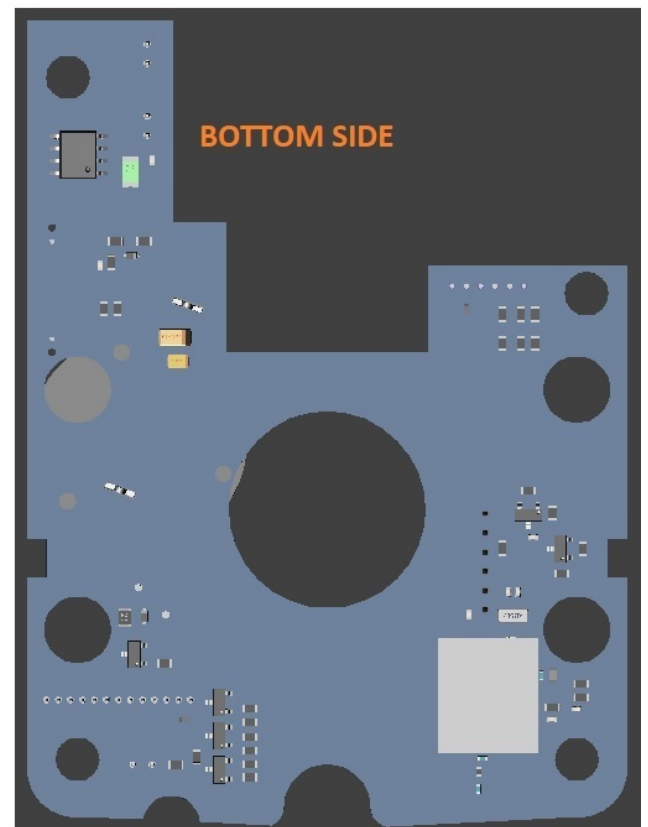

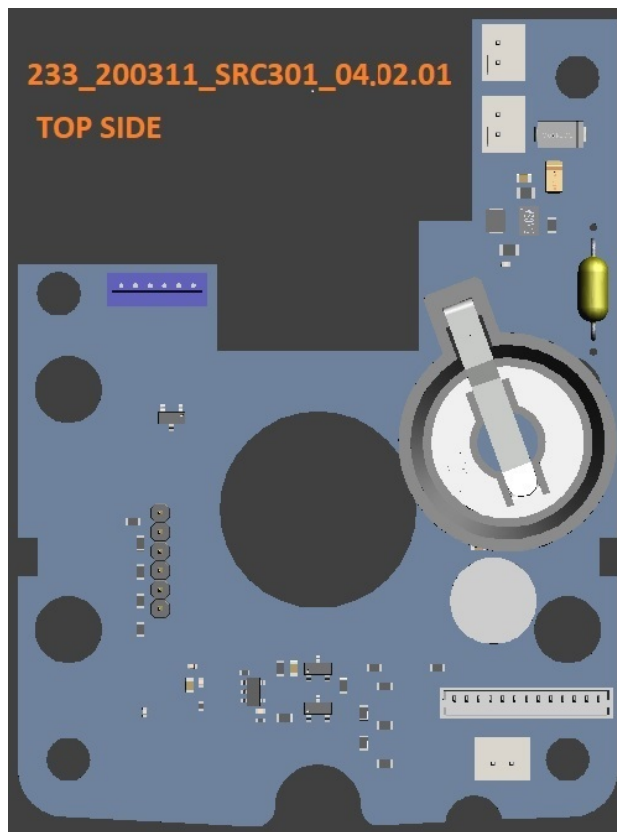

FirstWatch CPU – Model Number

A] Sample given to FCC lab for testing:

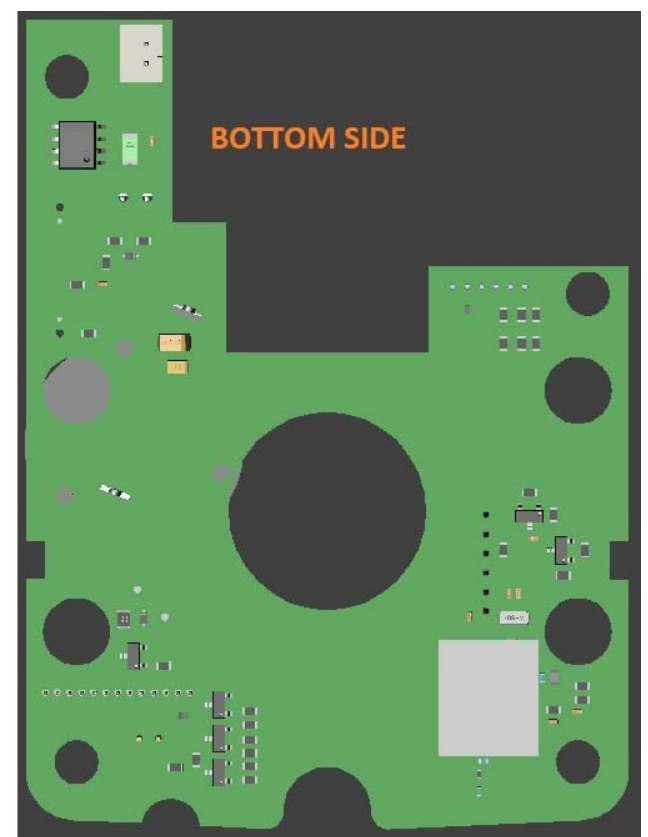

Model Number	Description
SRC301-A	BLE/ ANT radio with TOP Sideconnectors option for interface of external RF module/ microcontroller

B] Others Model#

Model Number	Description
SRC301-B	BLE/ANT radio with TOP and BOT side connectors option for interface of external RF module/Microcontroller
SRC301-C	BLE/ANT radio with wire harness option of external RF module/Microcontroller

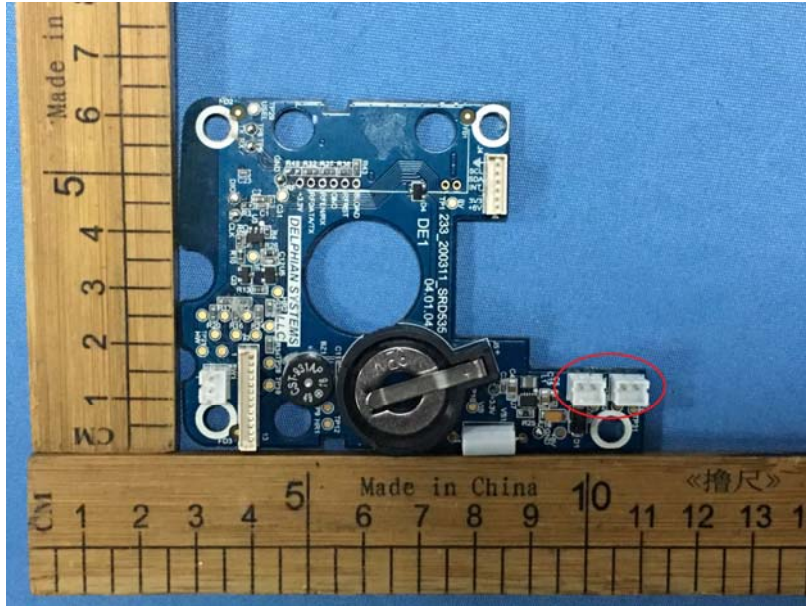

Model# SRC301-A

Model# SRC301-B

Detailed explanation:

Please see the section marked with red boxes below. There are two interfaces of external RF module/ microcontroller for future upgrades or extensions, There is no impact on the test of the module for this certification. So we tested the sample of model SRC301-A.

Your assistance on this matter is highly appreciated.

Sincerely,

Client's signature:

A handwritten signature in black ink, appearing to read "Elise Moyer".
