The device is not intended for use in explosive atmospheres. 2. Do not use the device in the presence of flammable liquids, gases, or vapors. 3. Do not use the device in the presence of fire or heat. 4. Do not use the device in the presence of strong magnetic fields. 5. Do not use the device in the presence of strong electric fields. 6. Do not use the device in the presence of strong radio frequency fields. 7. Do not use the device in the presence of strong electromagnetic fields. 8. Do not use the device in the presence of strong electromagnetic interference. 9. Do not use the device in the presence of strong electromagnetic radiation. 10. Do not use the device in the presence of strong electromagnetic waves. 11. Do not use the device in the presence of strong electromagnetic energy. 12. Do not use the device in the presence of strong electromagnetic fields. 13. Do not use the device in the presence of strong electromagnetic waves. 14. Do not use the device in the presence of strong electromagnetic energy. 15. Do not use the device in the presence of strong electromagnetic fields. 16. Do not use the device in the presence of strong electromagnetic waves. 17. Do not use the device in the presence of strong electromagnetic energy. 18. Do not use the device in the presence of strong electromagnetic fields. 19. Do not use the device in the presence of strong electromagnetic waves. 20. Do not use the device in the presence of strong electromagnetic energy.	Precautions 1. Battery (battery pack or battery) must not be recharged. 2. Do not use the device in the presence of flammable liquids, gases, or vapors. 3. Do not use the device in the presence of fire or heat. 4. Do not use the device in the presence of strong magnetic fields. 5. Do not use the device in the presence of strong electric fields. 6. Do not use the device in the presence of strong radio frequency fields. 7. Do not use the device in the presence of strong electromagnetic fields. 8. Do not use the device in the presence of strong electromagnetic interference. 9. Do not use the device in the presence of strong electromagnetic radiation. 10. Do not use the device in the presence of strong electromagnetic waves. 11. Do not use the device in the presence of strong electromagnetic energy. 12. Do not use the device in the presence of strong electromagnetic fields. 13. Do not use the device in the presence of strong electromagnetic waves. 14. Do not use the device in the presence of strong electromagnetic energy. 15. Do not use the device in the presence of strong electromagnetic fields. 16. Do not use the device in the presence of strong electromagnetic waves. 17. Do not use the device in the presence of strong electromagnetic energy. 18. Do not use the device in the presence of strong electromagnetic fields. 19. Do not use the device in the presence of strong electromagnetic waves. 20. Do not use the device in the presence of strong electromagnetic energy.	FCC Statement This device complies with the FCC Rules, Part 15, Subpart B, Class B, digital device requirements. Changes or modifications not approved by the user may void the user's authority to use the device. This device complies with Part 15 of the FCC Rules, which requires that you do not cause harmful interference. If you are experiencing interference, you may need to take certain steps to resolve the problem. This device may not be used in conjunction with any other device or system.
