Subject: Permissive Change Class II for Mottech Water Solutions Ltd, Piccolo XR Plus  
Controller - FCC ID: 2APCUMO515A

To whom it may concern,

On 02/07/2019, an FCC ID Change Grant was approved for the E.U.T. which is now under FCC ID: 2APCUMO515A.

The following C2PC changes were made to the device.

1. An expansion card has been added;
2. The cable connector has been replaced;
3. The back cover has been replaced;
4. The front logo plate has been replaced;
5. The connection between the original card and the expansion card is done outside the unit case;
6. The device was originally certified as body worn. It is no longer a body worn device but is a fixed irrigation controller. The distance between the user and the EUT is at least 20cm.
7. There is no change in the radio of the original device.

We request a Permissive Change Class II based on the above.

Thank you for your assistance.
