

# **GRIPPED**

## **EQUALIZERS V.2**

# **USER MANUAL**

Manufacture:Shenzhen ZhaoXiang Technology CO.,LIMITED

1. Power on/Power off.
2. Select track forward/Volume up/Radio frequency search forward.
3. Select track backwards/Volume down/Radio frequency search backwards.
4. FM/MP3 Selector.
5. (GFA Center Logo) Answer phone. Please note that your Equalizers need to be selected when making a call to be used as a phone receiver.

Syncing your Equalizers V.2 headphones:

1. Holding down the 'Power on' button for 3 secs a blue/green light will appear. (This indicates that your Equalizers are turned on and now in 'Syncing Mode').
2. Entering Bluetooth mode on your device locate your headset. (The model name you have purchased will be clearly displayed).
3. Upon selecting your Equalizers you will hear a 'chime' which will confirm that your Equalizers are synced to your device and you are now ready to listen to music.
4. If you are having difficulties connecting your headset, select 'Forget this device' and re-sync.

# 3

# PLAYING MUSIC - CABLE MODE

1. Insert the 3.5mm audio jack cable into the headset jack (your Equalizers Bluetooth mode will power off automatically).
2. Now your Equalizers are ready to use as a standard-wired pair of headphones.
3. In cable mode all other Bluetooth functions are disabled saving battery power.

## How to charge your Equalizers V.2:

1. Before using Equalizers V.2 in Bluetooth mode for the first time it is suggested to fully charge your headset.
2. First insert the charging cable end into your existing smartphone charger plug and the other end into your Equalizers V.2 headphones.
3. Charging status will be indicated as a constant red light and once charging is complete the red light will turn off.

FCC Caution.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.
