SRC, Inc has spent substantial effort in developing this product and it is one of the first of its kind in industry. Having the subject information easily available to "competition" would negate the advantage they have achieved by developing this product. Not protecting the details of the design will result in financial hardship.

Permanent Confidentiality:

The applicant requests the exhibits listed above as permanently confidential be permanently withheld from public review due to materials that contain trade secrets and proprietary information not customarily released to the public. Additionally, material is not able to be released due to export restrictions on the content of this data package. The R1410 product is captured on the United States Munitions List (USML) ITAR: XI(a)(3)(xvii), and the technical data associated with this product is ITAR: XI(d). These items are controlled by the U.S. Government. It may not be resold, transferred, or otherwise disposed of, to any other country or to any person, either in its original form or after being incorporated into other items, without first obtaining approval from the U.S. Government or as otherwise authorized by U.S. law and regulations.

Short-Term Confidentiality:

No short-term confidentiality is being requested for External Photos or Test Setup Photos as these are consistent with the previously released R1400 product whose equivalent photos have been previously released.

Sincerely,

By:
