Referencing test data across equipment authorization

Dear Examiner,

This letter attests that the FCC guidance in KDB 996369 D02 Question 1 and KDB 996369 D04 for integrating modular transmitters into host equipment have been followed for the preparation of this application under FCC ID: 2APLE18300416

The equipment has included transmitter modules under FCC ID: XMR201607EC25V which is granted on 09/19/2016.

1. The certified modular transmitter is integrated in this host without any change on hardware design and software parameter settings.
2. RF exposure and EMC evaluation are provided to verify that original test results represent compliance for the integration of transmitter modules under new conditions of this application.
3. The original test report exhibition have been submitted to represent test result under the new conditions.

Original FCC ID	Test report number	Description
XMR201607EC25V	RTWK160705002-00	Power level is no changed. Spurious emission have been observed as no degraded in the new conditions.

Should you have any question, please have my best attention.  
Sincerely yours,

Name: Mike Campi

Function: Regulatory Compliance Engineer
