

Antenna specification

Product Specification:

Electrical Characteristics

Frequency: 2400MHz ~2500MHz

VSWR: <3.0

Efficiency: >30%

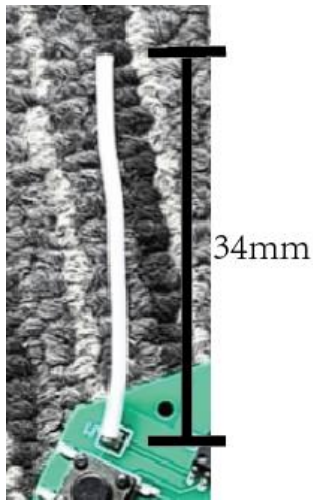

Impedance: 50Ohm

Polarization: Line

Gain: 0.17dBi

Dimension: length 34mm

Photo of Antenna

A whip antenna, measuring 34mm in length, is soldered onto the PCB (Printed Circuit Board).

Manufactory: Dongguan Heyi Electronics Co., Ltd

Address: No. 1 Cuijing Road, Xianwei Avenue, Baiguodong, Zhangmutou Town, Dongguan City.
