# Let's get started!

## 1 Download the mobile app

Connect Flow with your phone to get set up and start tracking. Start by downloading the app from the Apple App Store or Google Play.

## 2 Open the app to set up your Flow

Launch the app, create a free Plume Labs Account, and follow a few easy steps to set up your Flow.

## 3 Press to test

Press the touch button on your Flow and watch live pollution levels light up the Display LEDs.

# Discover Flow by Plume Labs

#### Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and  
This device must accept any interference received, including interference that may cause undesired operation.

"Regulatory statements available in the Flow companion app (Settings > Legal)"

#### Non-modification Statement:

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

#### Radiation Exposure Statement:

The device has been evaluated to meet general RF exposure requirement, The device can be used in portable exposure condition without restriction.

#### RED regulatory information

Frequency: BLE 2.4GHz Power consumption: 2W Agent: Plume Labs SAS

#### CE regulatory compliance information

Hereby Plume Labs SAS declares that Flow complies with the following directives

- 2014/30/EC relating to electromagnetic compatibility (EMC Directive)

- 2014/35/EU (Low Voltage Directive),

- 2005/32/EC EUP (ERP)

- 2011/65/EU for the electronic equipment (RoHS)

Flow is also compliant with Regulation (EC) No 1907/2006 dated December 18th 2006 in relation to the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

#### Disposal

Actuation of European directives 2002/95/EC, 2002/96/EC and 2003/108/EC, for reduction in use of dangerous substances in the electric and electronic device and for garbage disposal. The symbol applied on the device or its packaging means that at the end of its useful life the product must not be disposed of with domestic waste.

At the end of devices useful life, the user must deliver it to the able collecting centers for electric and electronic garbage, or give back to the retailer when purchasing a new device. Disposing of the product separately prevents possible negative consequences for the environment and for health, deriving from inadequate disposal. It also allows the recovery of materials of which it's made up in order to obtain an important saving of energy and resources and to avoid

#### Repair

CAUTION: Flow's protective housing contains a Class 3R laser.

DO NOT OPEN THE DEVICE OR ATTEMPT TO REPAIR.

Contact Customer Support immediately if product is damaged.
