Real time vehicle & maintenance notifications

P GPS enabled to locateyour car

## Download The Motion App

The Motion app is available for free on the Apple App Store and on Google Play. Search for **Motion by Mojio'** in your app storeor

visit www.moj.io/getmotion

Tip: Make sure you are running the latest version of your operating system and that your phone STEP 2 echnical requiremen

## Create Your Account

Run the Motion app on your smartphone, press 'Sign Up' on the home screen, and follow the prompts to create your new Mojio account. You will be asked to verify your mobile phone number via SMS. The app will walk you through the rest of the steps.

## Insert The Micro-SIM Card

Use the included tool to eject the tray for the SIM from the the SyncUP DRIVE<sup>m</sup> device. Position the micro-SIM card in the tray so that itsits flush and insert the tray.

## Scan The IMEI Barcode

Your SyncUP DRIVE<sup>™</sup> device has a unique15 digit code called the IMEI. The code is shown as a barcode on a sticker on the device. You will find the IMEI on the sticker on your device .

When prompted, use the Motion app to scan

## Locate Your OBD Port

The OBD (On Board Diagnostics) port is usually located underneath the driver's side dashboard, often within 18 inches of the steering wheel.

If you are having trouble locating your car's OBDport, the Motion app can help you find it.

in the Motion e's flashlight port.

## Install Your Device

Now that you've found your OBD port, you are ready to install the device.

Align your device with the port and firmly plug the device in. It should fit snugly.

Tip: To ensure a snug connection, be sure to properly align the device with your OBD port before plugging it in.

## Go For A Drive

The device needs to establish its cellular connection and generate a GPS lock.

Go for a 10 minute drive to finish setting up your device. Motion will notify you once a successful connection is established.

Distracted driving is never OK. Do not use your phone while driving.

Tip: Do not unplug the device within the first 24 hours after installation

## Understanding Your OBD-II Device

- 1 Device reset hole
- 2 Micro-SIM card slot
- 3 Restart key
- 4 LED 1

#### 5 LED 2 6 OBD-II interface

# LED Status Lights

LED INDICATOR
