

Powering ON/OFF

- **Press + hold** the **[Power]** button to power the headset ON or OFF.
- When powered on, a voice will be heard and the headset will enter Bluetooth pairing mode. They may automatically re-pair to any nearby, previously-paired device with **Bluetooth enabled**.

Playing Music

To listen to music on the headset, you must be paired to a Bluetooth-enabled device. Consult the **Bluetooth Pairing** below for further instruction.

Bluetooth Pairing

1. Power the headset ON. The LED indicator will **quickly flash BLUE**.
2. Go into your device's Bluetooth Settings, and search for new devices. When it appears, select **PBBTH51** from the list of found devices.
3. After a successful pairing, the LED indicator will **slowly flash BLUE**.

In Bluetooth mode, playback and volume can be adjusted with the on-ear controls listed in the **Adjusting Volume & Playback** section on the next page, or with your paired device.

Adjusting Volume & Playback

- While playing music, press the **[Power]** button to pause and resume playback.
- Press the **[+]** and **[-]** buttons to adjust volume.
- **Press + hold** the **[+]** and **[-]** buttons to skip tracks.

Phone Calls

To use the phone functions on the headset, you must be connected to a Bluetooth-enabled device.

- Press the **[Power]** button to **answer** an incoming phone call. Playback will automatically pause.
- Press the **[Power]** button to **end** a phone call.

FCC Statement

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: 1) this device may not cause harmful interference, and 2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
 - Increase the separation between the equipment and receiver.
 - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
 - Consult the dealer or an experienced radio/TV technician for help.
- Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Radiation Exposure Statement

This device complies with RF radiation exposure limits set forth for an uncontrolled environment. This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Instruction Manual Bluetooth earphone

Before You Begin

READ THIS MANUAL CAREFULLY AND SAVE FOR FUTURE REFERENCE

To ensure safe and proper use, read all safety information before using the device. Only use with manufacturer-approved batteries, chargers, accessories, and supplies.

- **THIS DEVICE IS NOT A TOY**, do NOT allow children or pets to use or play with this device.
- **Do not disassemble, modify, or repair the device.**
- Do not expose the device to extreme temperatures (heat or cold), open flames, humid, or wet conditions.
- **Do not submerge in water.**
- Low power may cause poor Bluetooth connection or sound distortion.
- Do not overcharge battery.
- If using with a USB adapter, make sure the adapter is not damaged.
- Do not allow the USB port or the connectors of the supplied USB cable to be exposed to dust, or water, or come into contact with any conductive materials such as liquids, metallic powders, etc.
- This device contains a built-in battery and should not be disposed of with regular household waste. Please consult the local authorities on the correct way to dispose of this device.
