- 7.Pitch Control
- 8.Speakers
- 9. Power switch / Volume control
- 10.Speed selector (33, 45, 78 rpm)
- 11.Headphone jack
- 12.Cartridge

- 13. Aux in
- 14. Line out R channel
- 15. Line out L channel
- 16. DC power jack

SET UP & BASIC OPERATION

Power Connection

Ensure that the voltage of your home corresponds to the operating voltage of the unit. Your unit is ready to be connected to a 5V DC adaptor.

Playing a Record

- 1. Place the record of your choice on the turntable. Use the 45 RPM Adapter if necessary.
- 2. Rotate the On/Off Volume Knob to turn on the power.
- 3. Set the Function Switch to PHONO position.
- 4. Set the Speed Switch accordingly by using the speed selection switch (33.3, 45 or 78 RPM).
- 5. Release the tone arm lock.
- 6. Use the Tonearm Lever to lift up the tonearm.
- 7. Gently move the tonearm over the record where play is desired to begin. Set the Tonearm Lever back to the down position, the tonearm will descend slowly onto the record and begin to play.
- 8. When a record comes to the end, the turntable will stop automatically if the auto-stop switch is in the ON position. If the switch is in the OFF position the turntable will keep revolving until the tone arm is returned to the tone arm rest.
- 9. Lift up the tone arm and put it on the rest when finished.
- 10. Replace the protective cap on the stylus and close the tone arm lock.
- 11. Turn off power.

Connect to External Audio System

You can listen to your new turntable using the built-in speakers but you may wish to connect it to your existing audio system. Connect the audio plugs to the Line input on your mixer or amplifier using an RCA cable (not supplied).

- Red pluginto R/H channel input.
- White pluginto L/H channel input.

Connect a Bluetooth® Device to the Turntable

- 1. Turn the Function Switch to Bluetooth mode, you will hear an activation sound from the unit.
- 2. Turn on the Bluetooth feature of your audio device, search for "T316R" and pair.
- 3. Once your device is successfully paired with the unit, you will hear a short confirmation sound from the unit

Pitch Control

The turntable speed can be increased or decreased by approximately 10% by rotating the Pitch Control Knob. To increase the speed, turn the Pitch Control Knob clockwise. To decrease the speed, turn the knob counter-clockwise.

MAINTENANCE

Maintaining the Turntable Needle ("Stylus")

To extend the life of your stylus, dust the stylus occasionally with a very soft brush dipped in rubbing alcohol, brushing from the back to the front of the cartridge.

Maintaining Vinyl Records

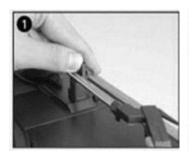

To maximize sound quality and extend the life of your vinyl records, it is recommended you clean your records with an anti-static cloth after every use.

Transporting the Turntable

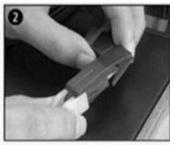

- 1. Place the protective cap on the stylus.
- 2. Put the rest clip into the pick-up arm.
- 3. Ensure the case is closed and the latch is secure.

Installing or Replacing the Stylus

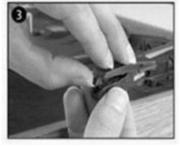

The stylus needs to be replaced periodically. It is recommended the stylus be replaced after 250 hours of play. To install a new stylus or replace the existing stylus, follow the steps below:

Push the arm lock to release the tone-arm.

Remove the cartridge cap to expose the needle.

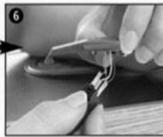

Gently separate the cartridge from the socket.

Remove the audio-line from the cartridge.

Align the audio-line with the new cartridge.

Insert the audio-line into the new cartridge.

Gently insert the cartridge into the socket.

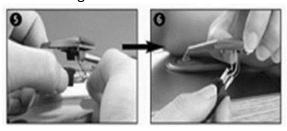

Attach the cartridge cap.

NOTE: Please exercise extreme care whilst performing this operation so as to avoid the tone arm and audio line wires from any damage.

INSTALLING A NEW STYLUS CARTRIDGE

- Refer to the figures 5 & 6

NOTES

We advise you to clean your records with an anti-static cloth to gain maximum enjoyment from them and to make them last.

We would also point out that for the same reason your stylus should be replaced periodically (approximately every 250 hours)

Dust the stylus from time to time using a very soft brush dipped in alcohol (brushing from back to front of the cartridge)

WHEN TRANSPORTING YOUR RECORD PLAYER DO NOT FORGET TO:

- Replace the protective cap on the stylus.
- Put the rest clip into the pick-up arm.

Federal Communications Commission (FCC) Statement.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

This device may not cause harmful interference, and this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide Reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- •Increase the separation between the equipment and receiver.
- •Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- •Consult the dealer or an experienced radio/TV technician for help.

Warning: Changes or modifications made to this device not expressly approved by **Hitek Group Co., Limited** may void the FCC authorization to operate this device. Note: The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.

RF exposure statement:

This device complies with FCC RF radiation exposure limits set forth for an uncontrolled environment. The device is installed and operated without restriction.
