

Longhorn Intelligent Tech Co.,Ltd

Model Difference Declaration

We, Longhorn Intelligent Tech Co.,Ltd declare:

EV Charger: ECA-NH1606S-***##, ECA-NH3206S-***##, ECA-NH4006S-***##,
ECA-NH4806S-***##

The products above are electrically identical except the rated output current and front shell color.

The first two symbol “**” denotes communication function like RS485, PLC, CAN, USB, can be A to Z;

The third symbol “#” denotes power input wire type, can be 0 to 9. NEMA-14-50P, NEMA 6-50P, on input wire or other input wire

The fourth symbol “#” denotes front shell color, can be 0 to 99

ECA-NH1606S-***##: 120/208/240VAC, 60Hz, 16A Max

ECA-NH3206S-***##: 208/240VAC, 60Hz, 32A Max

ECA-NH4006S-***##: 208/240VAC, 60Hz, 40A Max

ECA-NH4806S-***##: 208/240VAC, 60Hz, 48A Max
