FEDERAL COMMUNICATIONS COMMISSIONS Authorization and Evaluation Division 7435
Oakland Mills Road Columbia, MD 21046

Subject: Extended Frequencies Justification

Dear Sir/Madam,

The Radio with FCC ID: 2APPUD2100

This transmitter was designed to operate in following frequency ranges: 450-512MHz

To aid equipment authorization in other countries which accept the United States FCC Grant for Certification, A Beep, LLC is requesting that the FCC lists the frequencies 450~512MHz under FCC Rule Part 90 on the FCC Grant.

A Beep, LLC attests that the Digital Two-way Radio will not be marketed to USA users with the frequency band which is not allowed by the rule part 90. Per the FCC's KDB634817 guidance, as an alternative to listing the exact frequencies, we acknowledge that it's a violation of the FCC Rules if this device operates on unauthorized frequencies.

Frequency Range (MHz)	FCC Rule Part
450-470	90
470-512	For Federal

Sincerely Yours,

Signature:

Frank Anderson
