

<p style="text-align: center;">Solder Board-Component View 4</p>	 <p>A photograph of a green PCB component, labeled 'Solder Board-Component View 4'. The component is rectangular with a yellow circular feature in the center. It is placed on a black ruler with white markings for scale. The ruler shows measurements in millimeters, with the component's width being approximately 30 mm and its height approximately 20 mm. The component has several small components and traces on its surface.</p>
<p style="text-align: center;">Solder Board-Component View 5</p>	 <p>A photograph of a green PCB component, labeled 'Solder Board-Component View 5'. The component is rectangular and contains several integrated circuits and other components. It is placed on a black ruler with white markings for scale. The ruler shows measurements in millimeters, with the component's width being approximately 30 mm and its height approximately 20 mm. The component has a yellow circular feature in the center and various markings, including 'ADH-Z6-P6-V1.0' and '20220212'.</p>

<p style="text-align: center;">Solder Board-Component View 6</p>	 <p>A photograph of a small white PCB component with various electronic parts, including a central chip and several connectors. The component is placed on a blue perforated surface. A black ruler with white markings is positioned below the component, showing measurements in millimeters. The ruler has markings for 10, 20, 30, 40, 50, 60, 70, 80, and 90 mm. The component is approximately 40 mm wide and 20 mm high.</p>
<p style="text-align: center;">Solder Board-Component View 7</p>	 <p>A photograph of a small white PCB component with a grid of small components, possibly a test board or a specialized module. The component is placed on a blue perforated surface. A black ruler with white markings is positioned below the component, showing measurements in millimeters. The ruler has markings for 10, 20, 30, 40, 50, 60, 70, 80, and 90 mm. The component is approximately 40 mm wide and 20 mm high.</p>
