

## Request for Class II Permissive Change

FCC ID: 2APQU-MH-T6000

Date: 2022-3-8

Dear Sir/Madam,

Subject: FCC Class permission change for FCC ID: 2APQU-MH-T6000

Original Grant Date: 12/28/2021

This project is a CIIPC submission to our product: smart phone, model: MH-T6000, the device is identical to the previous certified except for the changes as below:

Hardware version1	<ul style="list-style-type: none"><li>• Minor changes to improve yield rate : housing, shiedling can, battery connector, coax cable length. And removed some reserved audio components</li> <li>• Add 2<sup>nd</sup> source : displays(two), side key FPC, front and rear cameras, speaker, USB connector, B71 duplexer, WIFI filter, LTE B12 filter.</li> <li>• The bt/wifi/main Antenna spec is same , but change Shielding cover, antenna extension position (Optimize antenna performance with out any change in antenna gain and directivity)</li></ul>
-------------------	--

The test plan reference is as follows:

Case	Remark
Part 22/24/27/90	Check all band Max bandwidth power and RSE worse mode
Part 15B	Check RE/CE worst mode
Part 15C	Check BT/WiFi 2.4G worse mode
Part 2.1093	Check all band worst mode
Part 20	NA note: The change has no impact on hac

Thank you.

Sincerely,
