

Before You Begin

Requirements

Brilliant Control: At least one Brilliant Control must be installed for Brilliant Plug to work.

Electrical: 120V AC

Use Brilliant app

Step 1

Download the app
Download the Brilliant app from the Apple Store or Google Play Store.

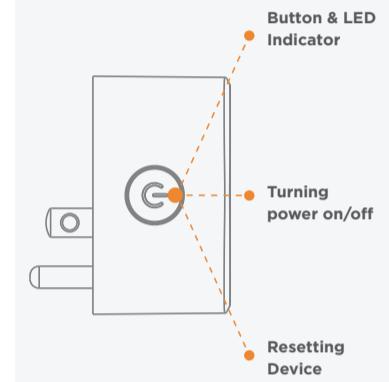

Step 2

Follow installation guide
Receive step-by-step installation instructions using the Brilliant app.

Step 3

Scan the QR code
Find code on the back of plug

Key features

Troubleshooting & Support

Led status indicator

The Brilliant Smart Home System

Transform any house or apartment into an easy-to-use smart home.

Legal

Contains FCC ID 2APQV-BHP120 IC:20375-BHP120

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one or more of the following measures:

—Reorient or relocate the receiving antenna.
—Increase the separation between the equipment and receiver.
—Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
—Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.

RF Warning: The device has been evaluated to meet general RF exposure requirement.

To maintain compliance with FCC's RF exposure guidelines, the distance must be at least 20 cm (between the radiator and your body, and fully supported by the operating and installation configurations of the transmitter and its antenna).

IC Warning: This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est causé par l'exploitation de cet appareil.
