## Pairing "FINDYOURMAGIC" to mobile phone or other device:

Please make sure the speaker is in power on mode. To activate the Bluetooth speaker's pairing mode, press and hold the on/off button for about 3 seconds. Now the speaker is ready for pairing.

## Tip:

When trying to activate the pairing mode:

1. Turn on your mobile phone or other device and activate the Bluetooth function.
2. Search for Bluetooth devices "FINDYOURMAGIC" will show up.
3. Pair your mobile phone or device with "FINDYOURMAGIC". If password is needed, type in "0000".

## Tip:

Once this speaker is paired and connected to your mobile phone, next time when you switch on this speaker, it will connect to your mobile phone automatically as long as the Bluetooth in your mobile phone is enabled.

## Button description:

On/O : To switch on or o the device

Short press for the next song, long press for turning up the volume.

Short press for the previous song, long press for turning down the volume.

Play/pause the music

## Troubleshooting

Symptom	Causes	Solutions
Cannot switch the earphone	Battery empty	Charge the battery
Unable to pair the speaker	Speaker is already switched on, and it is not in pairing mode.	Refer to the section of "Pairing 'FINDYOURMAGIC' to mobile phone or other device"

## NOTE:

Sound clarity may be affected if the speaker is charged longer than the stipulated time of 4 hours. Once in play mode the speaker will self-regulate to its optimized state after some time.

## Take care of your speaker

- Do not charge the speaker for longer than 4 hours. Avoid charging overnight or leaving the product unattended.
- Ensure that the USB cable is removed from the speaker / device after charging finishes.
- Do not use excessive force when inserting or removing the cable from the speaker to avoid damage to the socket or your devices.
- Do not modify, disassemble, open, drop, crush, puncture or shred the product.
- Keep the unit away from all metal objects (e.g. coins, keys, hair pins etc.) and terminals (e.g. such as a halpin) as this could result in short circuiting the product internally.

## Safety Instructions and Information

Please read all instructions prior to using this product for the first time.

Failure to read and follow these safety and usage instructions could result in fire, electric shock or other hazard that could potentially cause property damage or even fatal injury.

- Do not squirt the device with powerful water jet;
- Do not submerge device in water
- Do not simultaneously recharge the speaker and charge your device at the same time.
- Please use USB cable to charge this product. Using an incompatible cable could result in the product malfunctioning.
- Keep the product away from any heat sources and direct sunlight to prevent heat build-up.
- Keep away from children and ensure that all persons who use the product read and follow these instructions and warnings
  - Minimum distance, 5cm, around the apparatus for sufficient ventilation;
  - The ventilation should not be impeded by covering the ventilation openings with items, such as newspapers, table-cloth, curtains, etc.;
  - No naked flame sources, such as lighted candles, should be placed on the apparatus;
  - Attention should be drawn to the environmental aspects of battery disposal;
  - The use of apparatus in moderate climates.

FCC Statements:

FCC ID: 2APVC4083SPEAKER

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

NOTE: Retain these instructions for future reference.
